

Inspections and Copying of Public Records Policy

Purpose

This Policy sets forth the policies and procedures of the Housing Authority of the County of San Bernardino (“HACSB”) regarding requests for inspection of Public Records. It is designed to be in compliance with existing law. If any provision of this Policy conflicts with State or federal law, the applicable law shall take precedence over this Policy.

Definitions

As used in this Policy, the following terms shall have the following meanings:

- a. “HACSB” shall mean the Housing Authority of the County of San Bernardino.
- b. “Person” shall mean any natural person, corporation, partnership, limited liability company, firm, or association.
- c. “Writing” means handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combination thereof, and any record thereby created, regardless of the manner in which the record has been stored.
- d. “Public Records” includes any writing containing information relating to the conduct of HACSB's business prepared, owned, used, or retained by HACSB regardless of physical form or characteristics.
- e. “Requestor” shall mean a Person, or representative of a Person, who has submitted a request to inspect and/or copy HACSB records.

Right to Inspect

To the extent required by law, and except as otherwise provided herein, all Public Records of HACSB are open to inspection by any Person pursuant to this Policy. Copies of Public Records may be obtained by any Person, subject to compliance with the procedures set forth in this Policy. Any reasonably segregable portion of a record shall be available for inspection by any Person requesting the record after deletion of the portions that are exempted by law.

Records Exempt from Disclosure

Records which are exempt from disclosure under applicable law include, but are not limited to, the following:

- a. Preliminary drafts, notes, interagency, or intra-agency memoranda that are not retained by HACSB in the ordinary course of business, if the public interest in withholding those records clearly outweighs the public interest in disclosure.
- b. Records pertaining to pending litigation to which HACSB is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, until the pending litigation or claim has been finally adjudicated or otherwise settled.
- c. Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.
- d. The contents of real estate appraisals or engineering or feasibility estimates and evaluations made for or by HACSB relative to the acquisition of property, or to prospective public supply and construction contracts, until all of the property has been acquired or all of the contract agreements are obtained. However, the law of eminent domain shall not be affected by this provision.
- e. The records made, if any, of closed sessions, pursuant to Government Code Section 54957.2, are not Public Records subject to inspection.
- f. Records the disclosure of which is exempted or prohibited pursuant to federal or state law (i.e., attorney-client privilege under the California Evidence Code).
- g. HACSB leases and lists of rosters of tenants. (Health & Safety Code Section 34283.)
- h. HACSB applications for eligibility and occupancy by prospective or current tenants. (Health & Safety Code Section 34332, subdivision (c).)

This partial list of exemptions is subject to applicable law, and any changes in law are automatically incorporated into this Policy.

Requests to Inspect and/or Make Copies

Any Person desiring to inspect or receive copies of records of HACSB is encouraged to submit his/her request in writing on the form attached as Exhibit "A" to the Executive Assistant. HACSB will not deny records requests that are not submitted in writing, but will encourage Requestors to use the Exhibit "A" form for all records requests. Requestors shall provide sufficient detail to enable HACSB to identify the particular records. If the request is ambiguous or unfocused, HACSB

shall make a reasonable effort to elicit additional clarifying information from the Requestor that will help identify the record(s). Pursuant to Government Code Section 6253.1, HACSB shall do all of the following, to the extent reasonable under the circumstances:

- Assist the Requestor to identify records and information that are responsive to the request or to the purpose of the request, if stated;
- Describe the information technology and physical location in which the records exist; and
- Provide suggestions for overcoming any practical basis for denying access to the records or information sought.

Immediately upon HACSB receiving a request for inspection or for copies of records, the HACSB staff member in receipt of such request shall forward the request to the Executive Assistant. Within ten (10) days from receipt of the request, Executive Assistant or his/her designee, shall determine whether the request, in whole or in part, seeks inspection of or copies of disclosable Public Records in the possession of HACSB and shall promptly notify the Person making the request of the determination and the reasons therefore. In unusual circumstances, the time limit prescribed in this section may be extended by written notice by the Executive Assistant or his/her designee, to the Person making the request, setting forth the reasons for the extension and the date on which a determination is expected to be dispatched. No notice shall specify a date that would result in an extension for more than fourteen (14) days. A response to a written request for inspection or copies of Public Records that includes a determination that the request is denied, in whole or in part, shall be in writing. As used in this section, "unusual circumstances" means the following, but only to the extent reasonably necessary to the proper processing of the particular request:

1. The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request.
2. The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records that are demanded in a single request.
3. The need for consultation, which shall be conducted with all practicable speed, with another agency having substantial interest in the determination of the request or among two or more components of HACSB having substantial subject matter interest therein.
4. The need to compile data, to write programming language or a computer program, or to construct a computer report to extract data.

Participant Files

A participant in a program operated by HACSB may review and/or copy the contents of his/her participant file as provided in Section 5(a) of this Policy. The participant file contains both public records and confidential information regarding the participant and the participant's household. In the event the participant seeks to authorize a third party (his/her representative or lawyer, for example) to review and/or copy the contents of the participant's file, the participant shall submit an authorization for release of participant information substantially in the form as attached to this policy as Exhibit "B".
