Homeownership Assistance Program

Mortgage Assistance:

Similar to housing assistance in other affordable housing programs, the Homeownership Assistance Program provides mortgage assistance for up to 15 years for working families and up to 30 years for disabled families if the homeowners meet income requirements.

"It wasn't easy, and at first I didn't think it was possible," Sherron says. "With the coaching and support I received from the Housing Authority staff, I learned what I needed to do. My family and I became disciplined of how we spent money and learned to save. It's amazing what you can do when you put your best foot forward, believe in God, and believe in yourself."

"Buying a home is a scary challenge," says Yvonne, but one well worth it, because she is now raising her grandson in a stable home. "We now have a home instead of just a place to live. This is an enormous accomplishment."

Lisa, was one of the first program participants, and 15 years later, she says it was a wise decision she does not regret.

"It's an unbelievable feeling to provide a safe and stable

home for my children, where they were able to grow up going to the same school and made lifelong friends in the neighborhood," states Lisa. "You can do it!" she says to anyone considering the homeownership program. *"It can happen! Just never give up."*
