REPORT/RECOMMENDATION TO THE BOARD OF COMMISSIONERS OF THE HOUSING AUTHORITY OF THE COUNTY OF SAN BERNARDINO AND RECORD OF ACTION

December 14, 2021

FROM

MARIA RAZO, Executive Director, Housing Authority of the County of San Bernardino

SUBJECT

AB361 Brown Act Remote Meetings During a State of Emergency

RECOMMENDATION(S)

Adopt Resolution No. 129 authorizing the use of remote teleconference meeting procedures by the Board of Commissioners, as authorized by Government Code Section 54953(e) *et seq.*, for the period of December 14, 2021 through January 13, 2022.

(Presenter: Maria Razo, Executive Director, 332-6305)

GOALS & OBJECTIVES

HACSB communication is open, honest and consistent.

FINANCIAL IMPACT

Approval of this item will not result in a financial impact to the Housing Authority of the County of San Bernardino (HACSB) as there is no financial impact associated with this item.

BACKGROUND INFORMATION

On March 4, 2020, amid rising concern surrounding the spread of COVID-19 throughout communities in the state, California Governor Gavin Newsom issued a series of Executive Orders aimed at containing the novel coronavirus including modification of certain requirements created by the Ralph M. Brown Act (Brown Act), the state's local agency public meetings law. The orders waived several requirements, including requirements in the Brown Act requiring the physical presence of members of the legislative body, the clerk or other personnel of the body, or of the public as a condition of participation in or for the purpose of establishing a quorum for a public meeting, of which allowed teleconferencing of the meeting coupled with proper noticing to the public.

On March 10, 2020, the Board of Supervisors of the County of San Bernardino declared the existence of a local emergency in response to the COVID-19 global pandemic of which Government Code section 54953(e) *et seq.* further requires state or local officials have imposed or recommended measures to promote social distancing; or the legislative body of HACSB finds that meeting in person would present imminent risk to the health and safety of attendees.

On October 12, 2021, the Board adopted Resolution No. 125 (Item No. 10) authorizing the use of remote teleconference meeting procedures by the Board of Commissioners, as authorized by Government Code Section 54953(e) *et seq.*, for the initial period of October 12, 2021 through November 11, 2021.

On November 9, 2021, the Board adopted Resolution No. 127 (Item No. 7) re-authorizing the use of remote teleconference meeting procedures by the Board of Commissioners, as authorized by Government Code Section 54953(e) *et seq.*, for the period of November 12, 2021 through December 12, 2021.

At this time, due to a variety of factors related to the circumstances of the State of Emergency, including the County of San Bernardino's community transmission metric of "substantial" per the Centers for Disease Control and Prevention (CDC), the highly contagious Delta variant, the anticipated number of attendees, the likely inability to socially distance, and due to the unique characteristics of the size and capacity of its meeting location, it is recommended that the HACSB Board of Commissioners meetings continue to be conducted by the remote teleconference meeting requirements as authorized by Government Code section 54953(e), as meeting in person would present an imminent risk to the health or safety of meeting attendees due to the aforementioned reasons.

Approval of this item finds that, as a consequence of the State of Emergency, the HACSB Board of Commissioners (Board) meetings shall be conducted by the remote teleconference meeting requirements as authorized by Government Code section 54953(e) et seq. and will allow for observation and participation by the Board Members and the public via Zoom teleconferencing and phone access through January 13, 2022.

In order to be prepared for the transition to full in person meetings in the future, we will continue work on making changes to both meeting rooms to transmit the board meetings to the training room in HACSB's administrative office, which would accommodate any overflow from the board room in order to maintain social distancing within both spaces.

If approved, this authorization will remain valid for an additional 30 days and per Government Code section 54953(e) and will need to be revisited every 30 days thereafter.

PROCUREMENT

Not applicable.

HOUSING AUTHORITY RESOLUTION NO. 2021-129

A RESOLUTION OF THE BOARD OF COMMISSIONERS OF THE HOUSING AUTHORITY OF THE COUNTY OF SAN BERNARDINO ACKNOWLEDGING THE GOVERNOR'S STATE OF EMERGENCY DECLARATION AND AUTHORIZING THE USE OF REMOTE TELECONFERENCE MEETING PROCEDURES BY THE BOARD OF COMMISSIONERS, AS AUTHORIZED BY GOVERNMENT CODE SECTION 54953(E) *ET SEQ.*, FOR THE INITIAL PERIOD OF DECEMBER 14, 2021 THROUGH JANUARY 13, 2022

RECITALS

WHEREAS, the Housing Authority of the County of San Bernardino (Authority) is committed to preserving and nurturing public access, transparency, observation and participation in meetings of the Board of Commissioners (Board); and

WHEREAS, all meetings of the Board are open and public, as required by the Ralph M. Brown Act, codified in Government Code sections 54950 *et seq.*, so that any member of the public may attend, participate, and observe the Board and conduct its business; and

WHEREAS, the Brown Act, as amended by Assembly Bill 361 (2021), codified in Government Code sections 54953(e) *et seq.*, allows for remote teleconferencing observation and participation in meetings by members of a legislative body and members of the public, without compliance with the requirements of Government Code section 54953(b)(3) regarding teleconferencing, subject to the existence of certain conditions; and

WHEREAS, the initial required condition is that a state of emergency is a declaration of a state of emergency by the Governor pursuant to the California Emergency Services Act at Government Code section 8625, proclaiming the existence of conditions of disaster or of extreme peril to the safety of persons and property within the state and within the boundaries of the Authority, caused by conditions as described in Government Code section 8558; and

WHEREAS, on March 4, 2020, pursuant to Government Code Section 8625, Governor Newsom declared the existence of a state of emergency for the State of California, in response to the outbreak of respiratory illness due to a novel coronavirus (a disease now known as COVID-19); and

WHEREAS, on March 10, 2020, the Board of Supervisors of the County of San Bernardino declared the existence of a local emergency in response to the COVID-19 global pandemic; and

WHEREAS, Government Code section 54953(e) *et seq.* further requires that state or local officials have imposed or recommended measures to promote social distancing; or, the legislative body of the Authority finds that meeting in person would present imminent risk to the health and safety of attendees; and

WHEREAS, California Department of Public Health (CDPH) and the federal Centers for Disease Control and Prevention (CDC) caution that the Delta variant of COVID-19, currently the dominant strain of COVID-19 in the country, is more transmissible than prior variants of the virus, may cause more severe illness, and that even fully vaccinated individuals can spread the virus to others resulting in rapid increases of COVID-19 cases and hospitalizations

(<https://www.cdc.gov/coronavirus/2019Tncov/variants/deltaTvariant.html>); and

WHEREAS, San Bernardino County currently has a Community Transmission metric of “substantial”; and

WHEREAS, the Board hereby acknowledges that such emergency conditions continues to exist in the Authority, such that meeting in person for the meetings of the Board would present imminent risk to the health and safety of attendees as a result of the increased risk of the spread of the COVID-19 virus among those in attendance; and

WHEREAS, the Board hereby finds that due to the ongoing State of Emergency and the public health threat posed by COVID-19, the Board seeks to make findings, as required by Assembly Bill 361, that as a result of the COVID-19 State of Emergency, the highly contagious Delta variant, the anticipated number of attendees, the likely inability to socially distance, and due to the unique characteristics of the size and capacity of its meeting location, meeting in person would present an imminent risk to the health or safety of meeting attendees; and

WHEREAS, the circumstances of the State of Emergency continue to directly impact the ability of the members of the legislative body and members of the public to meet safely in person at the meeting facilities of the Authority; and

WHEREAS, the Board hereby finds that, as a consequence of the State of Emergency, the Board shall conduct its meetings without compliance with Government Code section 54953(b)(3), and shall instead comply with the remote teleconference meeting requirements as authorized by Government Code section 54953(e) *et seq.*; and

WHEREAS, the Board affirms that it will allow for observation and participation by Board Members and the public via Zoom teleconferencing and phone access in an effort to protect the constitutional and statutory rights of all attendees.

NOW, THEREFORE, THE BOARD OF COMMISSIONERS OF THE HOUSING AUTHORITY OF THE COUNTY OF SAN BERNARDINO FINDS, RESOLVES, AND ORDERS AS FOLLOWS:

Section 1. The Recitals set forth above are true and correct and are incorporated into this Resolution by this reference.

Section 2. The Board hereby recognizes and acknowledges the existence and conditions of the State of Emergency as proclaimed by the Governor.

Section 3. Before the State of Emergency, the Authority met at a facility at which approximately 20 people would regularly attend, and periodically filling the meeting room to capacity and thereby limiting the ability of attendees to socially distance.

Section 4. As a result of the March 4, 2020, State of Emergency, and the highly contagious Delta variant, meeting in person at the meeting facilities of the Authority would present an imminent risk to the health or safety of attendees due to the unique characteristics of the size and capacity of its meeting location, the anticipated number of attendees, and the likely inability to socially distance. As such, the Board hereby authorizes the use of the remote teleconferencing

procedures for meetings of the Board, as authorized by Government Code section 54953(e) et seq., for the period of December 14, 2021 through January 13, 2022.

Section 5. The Executive Director is hereby authorized and directed to take all actions necessary to carry out the intent and purpose of this Resolution including, conducting open and public meetings in accordance with Government Code section 54953(e) and other applicable provisions of the Brown Act, for all Board meetings.

Section 6. This Resolution shall take effect immediately upon its adoption and shall be effective until the earlier of (i) January 13, 2022, or such time the Board adopts a subsequent resolution in accordance with Government Code section 54953(e)(3) to extend the time during which the Board may continue to teleconference without compliance with Government Code section 54953(b)(3), but otherwise as permitted by Government Code section 54953(e) *et seq.*

Emergency Housing Vouchers Update

RECOMMENDATION(S)

Receive update from staff on Emergency Housing Vouchers implementation.

GOALS & OBJECTIVES

**HACSB has secured the resources needed for accomplishing its mission.
HACSB communication is open, honest and consistent.**

FINANCIAL IMPACT

This item will not result in a financial impact to the Housing Authority of the County of San Bernardino (HACSB) as this is a monthly informational update.

BACKGROUND INFORMATION

On September 14, 2021 (Item No. 8) the Board of Commissioners (Board) awarded a contract to Brilliant Corners for housing navigation services for HACSB's Emergency Housing Voucher (EHV) program in the amount of \$4,323,517. The contract is funded in part by supportive services fees received by HACSB from the U.S. Department of Housing and Urban Development (HUD) and the Emergency Solutions Grant (ESG) funds awarded by the County of San Bernardino. In conjunction with the approval of the contract, the Board requested monthly updates on the performance of the housing navigation process. This item is the second report as requested by the Board and as such this report will focus on preliminary data and other implementation related items. As the EHV program progresses and Brilliant Corners is further utilized, more information on the performance of the contract will be presented.

The EHV program launched on October 4, 2021, for HACSB to start receiving referrals. We are happy to state the program is off to a very successful start as far as referrals received. A breakdown of the referrals received as of December 1st is as follows:

Coordinated Entry System (CES)	Victim Service Providers (VSP)	Total submission to Date	Referred for Housing Search/Navigation	Housed
344	42	386	49	0

The Victims Service Providers (VSP) whose referrals are reflected in the table above and that have signed the Memorandum of Understanding are listed below:

- Desert Sanctuary
- Family Assistance Program
- House of Ruth
- Option House
- Victor Valley Domestic Violence, Inc.

The data in the table represents about 7 weeks since the program was launched. As such the rate of referrals is very favorable and HACSB is pleased with the progress of the program thus far. These referrals have to be made eligible for a voucher by HACSB staff and incomplete applications continue to be a challenge. HACSB provided guidance and offered further training at the EHV partner meeting held on November 18th and will continue to do so at future partner meetings. Once a family has been issued an EHV, they will be referred to Brilliant Corners to provide assistance in securing a housing unit. It is still early to evaluate the effectiveness of Brilliant Corners as they have only been working with referrals for a few weeks. Early feedback from Brilliant Corners suggests clients do not want to take the units Brilliant Corners has identified and secured primarily in San Bernardino, but instead prefer the west end of the county and the high desert. Management will continue to have regular meetings with Brilliant Corners to monitor progress.

Employee Handbook Policy Revisions

RECOMMENDATION(S)

Adopt Resolution No. 131 approving revisions to the Housing Authority of the County of San Bernardino's Employee Personnel Handbook.
(Presenter: Maria Razo, Executive Director, 332-6305)

GOALS & OBJECTIVES

**HACSB has secured the resources needed for accomplishing its mission.
HACSB communication is open, honest and consistent.**

FINANCIAL IMPACT

Approval of the proposed revisions to the Employee Personnel Handbook does not have any financial impact to the Housing Authority of the County of San Bernardino's (HACSB) approved annual budget.

BACKGROUND INFORMATION

HACSB is planning to install a comprehensive internet-based networked video surveillance camera system at multiple HACSB facilities as a means to enhance overall safety, security, theft protection, and protection of propriety information. The surveillance cameras will be installed in exterior areas of buildings as well as in the lobbies of our larger offices.

Prior to installing such cameras, HACSB is proposing a new policy to the Employee Personnel Handbook, Policy 4012 Cameras in the Workplace (Policy 4012), to regulate the use of cameras and surveillance monitoring rules to protect the legal and privacy interests of HACSB, its employees, and the community. Policy 4012 requires advance approval by the Executive Director for installation of cameras and puts parameters on monitoring in the workplace. The policy also restricts personal camera use by employees to protect the privacy of clients, as well as stipulates that HACSB use of cameras must not violate federal, state laws or applicable law.

In addition to the policy, there will be set guidelines for surveillance equipment operators. The guidelines set forth definitions and requirements for the surveillance equipment operators which include proper training and use of equipment.

Staff request approval of Policy 4012 Cameras in the Workplace.

4012 Cameras in the Workplace

The Agency regulates the use of cameras in the workplace. The objective of this policy is to regulate the use of cameras in order to protect the legal and privacy interests of the Agency, its employees, and the community.

Restrictions on Employee Camera Use

Employees are prohibited from using cameras or other visual recording devices in:

- Office areas where customer privacy may be compromised. For example, in briefings or one on one meetings with clients.
- Resident units where pictures are not needed for documentation of deficiencies or other work-related issue.
- Areas and/or meetings where proprietary Agency information could be disclosed.

Employees may record workplace activities that are not prohibited by law or do not compromise confidential information as described above. However, employees may not record certain workplace activities of other individuals without the individual's or Agency's consent.

Agency use of Cameras

The Agency has the right to install surveillance cameras in Agency Facilities for specific business reasons, such as safety, security, theft protection, or protection of proprietary information. The conduct of surveillance monitoring or recording, and the use of surveillance cameras at the Agency, are limited to uses that do not violate federal or state constitutional protections against unreasonable search and seizure or other applicable laws, including federal and state laws prohibiting wiretapping and electronic surveillance of oral communications. Additionally, surveillance cameras shall be used in a professional, ethical, and legal manner and shall avoid unnecessary intrusions upon individual civil liberties such as privacy, freedom of expression, and freedom of assembly.

All surveillance cameras will only be installed with advance approval of the Executive Director. Surveillance cameras are primarily used to record access at building entrances and exterior of the buildings. Only authorized personnel, as determined by the Executive Director, will be involved in, or have access to, surveillance monitoring.

This policy does not apply to the use of legally permissible wiretapping or electronic surveillance by law enforcement agencies during criminal investigations.

Surveillance Monitoring

The Agency may find it necessary to monitor work areas with surveillance cameras when there is a specific job- or business-related reason to do so. The Agency will do so only after first ensuring that such action is in compliance with state and federal laws.

Employees should not have any expectation of privacy in work-related areas, such as desks, work stations, storage areas, or Agency-owned vehicles.

Employee privacy in non-work areas (such as restrooms, locker rooms, residential areas) will be respected to the greatest extent possible, and no surveillance monitoring or recording shall be done in such areas.

Legal advice will be sought in advance in such rare cases where non-work-area privacy must be compromised.

Any records created as a result of surveillance monitoring or recording shall not to be used or disclosed, except in certain circumstances. Exceptions include a legitimate purpose related to employment or business functions, a requirement that the footage is presented to law enforcement, or a need for the footage in administrative, civil, or criminal proceedings. Furthermore, surveillance monitoring or recording shall not be done at meetings with employee representatives or union representatives, unless prior written consent is provided.

Information and images obtained through surveillance systems shall not be accessed, used, or disclosed except as outlined in this policy. All recordings shall be kept in accordance with the Agency's records retention policy.

Any employee violating this policy may be disciplined up to and including termination.

For specific guidelines and information on surveillance camera operation and use, employees may review the full guidelines on file with Human Resources.

Surveillance Camera Guidelines

Upon approval by the Executive Director, surveillance cameras may be installed in designated locations. Only approved Surveillance Equipment Operators will be granted access to any recordings collected.

Surveillance Equipment Operators

All surveillance equipment operators will:

1. Be trained on technical, legal, and ethical use.
2. Provide written acknowledgement that they have read and understand the Surveillance Camera Policy and Guidelines.
3. Perform their duties in accordance with the Surveillance Camera Policy and Guidelines in place.
4. Access surveillance images only to the extent permitted by the Surveillance Camera Policy.

Surveillance equipment operators are prohibited from:

1. Monitoring individuals based on characteristics of race, gender, ethnicity, national origin, sexual orientation, or disability.
2. Monitoring intimate behavior.
3. Viewing the non-work areas or interior of residential areas through windows, doors, or other means.
4. Duplicating images or permitting access to others to surveillance images except as specifically permitted by policy.
5. Using the surveillance equipment for viewing, recording, accessing or otherwise using a surveillance system or surveillance images in any manner that is inconsistent with policy and/or outside the scope of the usage approved by the Executive Director.

Surveillance equipment operators may use Agency authorized equipment for viewing of surveillance images and may not authorize unauthorized persons to access.

Any deliberate shut down of surveillance camera or systems must receive consent from the Executive Director.

Definitions

Surveillance Camera or Surveillance System: any system, camera, technology device, communications device, or process, used alone or in conjunction with a network for the purpose of the gathering, monitoring, and recording or storing an image or images of Housing Authority facilities and/or people in such facilities. Images captured by surveillance cameras may be real-time or preserved for review at a later date. Such devices may include, but are not limited to, closed circuit television, web cameras, real-time surveillance systems, and computerized visual monitoring.

Housing Authority Facilities: Surveillance cameras or systems may be installed on all Housing Authority owned, leased, or controlled property, both internal and external, and includes all buildings, offices, common areas, grounds, and all other spaces.

GOALS & OBJECTIVES

HACSB has secured the resources needed for accomplishing its mission.

HACSB is a leading developer and provider of affordable housing in the County of San Bernardino.

HACSB clients, programs, and properties are embraced by all communities.

HACSB clients live in safe and desirable homes and communities where they can develop and prosper.

FINANCIAL IMPACT

The Housing Authority of the County of San Bernardino (HACSB) has Capital Fund grant funding from the U.S. Department of Housing and Urban Development (HUD) specifically identified and set aside for the purpose of "Redevelopment Activities" under the annual Moving to Work (MTW) Plan. Specifically, HACSB has been allocated Demolition, Disposition Transitional Funding (DDTF) for units removed from the public housing inventory through a HUD approved disposition action. In 2018, HACSB was allocated \$1,105,833, followed by a 2019 allocation of \$1,079,508. Staff is proposing the combined DDTF amounts for 2018/19 of \$2,185,341 be loaned to our non-profit affiliate, Housing Partners I, Inc. (HPI), for the purpose described herein. Because the source of these funds are HUD grants, staff proposes that payments be deferred, and the loan forgiven once fully expended for program eligible uses pursuant to the HUD Capital Fund program.

BACKGROUND INFORMATION

On August 10, 2021, the Board of Commissioners adopted Resolution No.117 authorizing various actions to advance the development process for the Arrowhead Grove (former Waterman Gardens Public Housing) revitalization project in San Bernardino. Similarly, On September 14, 2021, the Board adopted Resolution No. 121 authorizing various actions to advance the development process for the Valencia Grove (former Orange-Lugonia Public Housing) revitalization project in Redlands. In both instances (HACSB is partnering with HPI for the development of the new project(s). HPI serves as the managing member, with HACSB as member, of an LLC created specifically to participate in ownership of each of the project(s). This is the format utilized in each of the previous construction phases (now completed) at both sites.

In order to continue the development momentum, staff is proposing that HACSB provide HPI with pre-development funding pursuant to the proposed Predevelopment Loan Agreement provided with this memo to cover various costs necessary to advance the project(s) for construction readiness for the next phase at each site. Such costs are primarily related to architecture and engineering but may also include fees required by the planning and/or building departments of the local jurisdiction(s) as related to project entitlement and permitting. In any event, staff will require HPI to provide full written documentation of costs incurred prior to release of any loan proceeds, which are anticipated to be requested on a “progress draw” basis. HACSB will review each draw request to confirm eligible use of funds as well as review and approve actual work completed to date in order to ensure HUD program compliance. The loan of the funds, which shall be forgivable upon successful completion of the project, is evidenced by the proposed Promissory Note provided with this memo.

Section 5.2 Survival of Representations and Warranties.

All representations and warranties of Borrower shall survive the making of the Authority Loan and have been or will be relied on by the Authority notwithstanding any investigation made by the Authority.

ARTICLE 6
TERMINATION, DEFAULT AND REMEDIES

Section 6.1 No Fault Termination.

(a) Any of the following shall constitute a basis for the Authority or Borrower to terminate this Agreement without the fault of Borrower:

(1) Failure of Borrower despite diligent good faith efforts as determined by the Authority, to satisfy any of the requirements and conditions of Article 3.

(2) Borrower and the Authority determine in their reasonable discretion that predevelopment or construction costs relating to the physical condition of the Property or to the proposed Improvements are so expensive or burdensome as to make the Development financially infeasible.

(3) Borrower does not receive commitments of all projected financial assistance as shown in the Financing Plan or reasonable substitutions therefor, necessary to develop the Development, despite Borrower's good faith efforts to obtain such funding or replacement funding.

(b) No Fault Termination Remedy. Upon the happening of any of the above-described events, the Authority and Borrower shall meet and confer in good faith for a period not to exceed thirty (30) days to determine if a feasible and mutually acceptable alternate arrangement can be made to continue with the Development. If no agreement is reached by the parties within such thirty (30)-day period, at the election of the Authority, the Authority may provide written notice to Borrower of its intent to terminate this Agreement and exercise its remedies as set forth in Subsection (2) or (3) below (the "Termination Notice"). Upon the effective date of the Termination Notice, this Agreement will terminate and neither party shall have any rights against or liability to the other except for the provisions that state they survive termination of this Agreement.

Section 6.2 Events of Default.

The following shall constitute a "Default" by Borrower under this Agreement: failure of Borrower to duly perform, comply with, or observe any of the conditions, terms, or covenants of any of the Loan Documents, and such failure having continued uncured for thirty (30) days after receipt of written notice thereof from the Authority to Borrower or, if the breach cannot be cured within thirty (30) days, Borrower shall not be in breach so long as Borrower is diligently undertaking to cure such breach and such breach is cured within sixty (60) days.

Section 6.3 Default Remedies.

The occurrence of any Default hereunder and the expiration of all applicable notice and cure periods will, either at the option of the Authority or automatically where so specified, relieve the Authority of any obligation to make or continue the Authority Loan and shall give the Authority the right to proceed with any and all remedies set forth in this Agreement and the Loan Documents, including, but not limited to, the following:

(a) Acceleration of Note. The Authority shall have the right to cause all indebtedness of Borrower to the Authority under this Agreement and the Note, together with any accrued interest thereon, to become immediately due and payable. Borrower waives all right to presentment, demand, protest or notice of protest or dishonor. The Authority may proceed to enforce payment of the indebtedness and to exercise any or all rights afforded to the Authority as a creditor and secured party under the law including the Uniform Commercial Code. Borrower shall be liable to pay the Authority on demand all reasonable expenses, costs and fees (including, without limitation, reasonable attorney's fees and expenses) paid or incurred by the Authority in connection with the collection of the Authority Loan and the preservation, maintenance, protection, sale, or other disposition of the security given for the Authority Loan.

(b) Specific Performance. The Authority shall have the right to mandamus or other suit, action or proceeding at law or in equity to require Borrower to perform its obligations and covenants under the Loan Documents or to enjoin acts or things which may be unlawful or in violation of the provisions of the Loan Documents.

(c) Right to Cure at Borrower's Expense. The Authority shall have the right (but not the obligation) to cure any monetary default by Borrower under a loan other than the Authority Loan. Borrower agrees to reimburse the Authority for any funds advanced by the Authority to cure a monetary default by Borrower upon demand therefore, together with interest thereon from the date of expenditure until the date of reimbursement at the Default Rate.

Section 6.4 Right of Contest.

Borrower shall have the right to contest in good faith any claim, demand, levy, or assessment the assertion of which would constitute a Default hereunder. Any such contest shall be prosecuted diligently and in a manner unprejudicial to the Authority or the rights of the Authority hereunder.

Section 6.5 Remedies Cumulative.

No right, power, or remedy given to the Authority by the terms of this Agreement or the Loan Documents is intended to be exclusive of any other right, power, or remedy; and each and every such right, power, or remedy shall be cumulative and in addition to every other right, power, or remedy given to the Authority by the terms of any such instrument, or by any statute or otherwise against Borrower and any other person or entity. Neither the failure nor any delay on the part of the Authority to exercise any such rights and remedies shall operate as a waiver thereof, nor shall any single or partial exercise by the Authority of any such right or remedy preclude any other or further exercise of such right or remedy, or any other right or remedy.

ARTICLE 7 GENERAL PROVISIONS

Section 7.1 Relationship of Parties.

Nothing contained in this Agreement shall be interpreted or understood by any of the parties, or by any third persons, as creating the relationship of employer and employee, principal and agent, limited or general partnership, or joint venture between the Authority and Borrower or Borrower's agents, employees or contractors, and Borrower shall at all times be deemed an independent contractor and shall be wholly responsible for the manner in which it or its agents, or both, perform the services required of it by the terms of this Agreement. Borrower has and retains the right to exercise full control of employment, direction, compensation, and discharge of all persons assisting in the performance of services under the Agreement. In regards to the development of the Development, Borrower shall be solely responsible for all matters relating to payment of its employees, including compliance with Social Security, withholding and all other laws and regulations governing such matters, and shall include requirements in each contract that contractors shall be solely responsible for similar matters relating to their employees. Borrower agrees to be solely responsible for its own acts and those of its agents and employees.

Section 7.2 No Claims.

Nothing contained in this Agreement shall create or justify any claim against the Authority, by any person Borrower may have employed or with whom Borrower may have contracted relative to the purchase of materials, supplies or equipment, or the furnishing or the performance of any work or services with respect to the development of the Development, and Borrower shall include similar requirements in any contracts entered into for the development of the Development.

Section 7.3 Amendments.

No alteration or variation of the terms of this Agreement shall be valid unless made in writing by the Parties.

Section 7.4 Entire Understanding of the Parties.

This Agreement constitutes the entire understanding and agreement of the Parties with respect to the Authority Loan.

Section 7.5 Indemnification.

Except as directly caused by the Authority's proven gross negligence or willful misconduct, Borrower agrees to indemnify, protect, hold harmless and defend (by counsel reasonably satisfactory to the Authority) the Authority, and its board members, officers and employees, from all suits, actions, claims, causes of action, costs, demands, judgments and liens directly or indirectly arising out of or resulting from: (i) the making of the Authority Loan; (ii) Borrower's performance or non-performance of its obligations under this Agreement; or (iii) any act or omission of Borrower, any of its agents, employees, licensees, tenants, contractors, subcontractors or material suppliers, or other person or entity with respect to the Authority Loan. The provisions

of this Section 7.5 shall survive the repayment and cancellation of the Note, and termination of this Agreement.

Section 7.6 Non-Liability of Authority and Authority Officials, Employees and Agents.

No member, official, employee or agent of the Authority shall be personally liable to Borrower, or any successor in interest, in the event of any Default or breach by the Authority, or for any amount which may become due to Borrower or its successor or on any obligation under the terms of this Agreement. No officer, director, employee or agent of Borrower shall be personally liable to the Authority, or any successor in interest, in the event of any Default or breach by Borrower, or for any amount which may become due to the Authority or its successor or on any obligation under the terms of this Agreement.

Section 7.7 No Third Party Beneficiaries.

There shall be no third party beneficiaries to this Agreement.

Section 7.8 Action by the Authority.

Except as may be otherwise specifically provided herein, whenever any approval, notice, direction, consent, request, extension of time, waiver of condition, termination, or other action by the Authority is required or permitted under this Agreement, such action may be given, made, or taken by the Authority Executive Director without further approval by the Authority Board of Commissioners, and any such action shall be in writing.

Any consents or approvals required under this Agreement shall not be unreasonably withheld or made, except where it is specifically provided that a sole discretion standard applies. The Authority Executive Director is also hereby authorized to approve, on behalf of the Authority, requests by Borrower for reasonable extensions of time deadlines set forth in this Agreement. The Authority shall not unreasonably delay in reviewing and approving or disapproving any proposal by Borrower made in connection with this Agreement.

Section 7.9 Waivers.

Any waiver by the Authority of any obligation or condition in this Agreement must be in writing. No waiver will be implied from any delay or failure by the Authority to take action on any breach or default of Borrower or to pursue any remedy allowed under this Agreement or applicable law. Any extension of time granted to Borrower to perform any obligation under this Agreement shall not operate as a waiver or release from any of its obligations under this Agreement. Consent by the Authority to any act or omission by Borrower shall not be construed to be a consent to any other or subsequent act or omission or to waive the requirement for the Authority's written consent to future waivers.

Section 7.10 Notices, Demands and Communications.

Formal notices, demands, and communications between the Authority and Borrower shall be sufficiently given if and shall not be deemed given unless dispatched by registered or certified

the rights and obligations of the parties have been materially altered or abridged by such invalidation, voiding or unenforceability.

Section 7.15 Force Majeure.

In addition to specific provisions of this Agreement, performance by either Party shall not be deemed to be in default where delays or defaults are due to war, insurrection, strikes, lock-outs or other labor disturbances, one or more acts of a public enemy, war, riot, sabotage, blockade, embargo, floods, earthquakes, fires, quarantine restrictions, freight embargoes, lack of transportation, court order, delays or failures of performance by any governmental authority or utility company (other than the acts or failure to act of the Authority under this Agreement and so long as the party seeking the extension has adequately complied with the applicable processing requirements of such governmental authority or utility company), delays resulting from changes in any applicable laws, rules, regulations, ordinances or codes, or a change in the interpretation thereof by any governing body with jurisdiction, or any other cause beyond the reasonable control or without the fault of the party claiming an extension of time to perform or an inability of performance. Borrower shall exercise due diligence to ensure that the prohibition in this Section 7.16(a) is followed.

EXHIBIT B
Predevelopment Budget

PROMISSORY NOTE
(Predevelopment Loan)

\$_____

San Bernardino, California
_____, 2021

FOR VALUE RECEIVED, the undersigned HOUSING PARTNERS I, INCORPORATED, a California nonprofit public benefit corporation ("Borrower") hereby promises to pay to the order of the HOUSING AUTHORITY OF THE COUNTY OF SAN BERNARDINO, a public body, corporate and politic ("Holder"), the principal amount of _____ Dollars (\$_____) plus interest thereon pursuant to Section 2 below.

1. Borrower's Obligation. This promissory note (the "Note") evidences Borrower's obligation to repay Holder the principal amount of _____ Dollars (\$_____) with interest for the funds loaned to Borrower by Holder to finance predevelopment costs pursuant to the Predevelopment Loan Agreement between Borrower and Holder of even date herewith (the "Loan Agreement"). All capitalized terms used but not defined in this Note have the meanings set forth in the Loan Agreement.

2. Interest.

(a) Subject to the provisions of Subsection (b) below, the outstanding principal balance of this Note bears no interest.

(b) If a Default occurs, interest will accrue on all amounts due under this Note at the Default Rate until such Default is cured by Borrower or waived by Holder.

3. Term and Repayment Requirements. Principal and interest under this Note is due and payable as set forth in Section 2.6 of the Loan Agreement. Subject to Sections 2.6(c) of the Loan Agreement (regarding forgiveness), the unpaid principal balance hereunder, together with accrued interest thereon, is due and payable no later than the date that is the earlier of (i) an event of Default, and (ii) December 31, 2022.

4. No Assumption. This Note is not assumable by the successors and assigns of Borrower without the prior written consent of Holder, except as provided in the Loan Agreement.

5. Security; Nonrecourse. This Note is unsecured. The Loan is nonrecourse to the Borrower. Borrower shall not have any direct or indirect personal liability for payment of the principal of, and interest on, the Loan.

6. Terms of Payment.

(a) Borrower shall make all payments due under this Note in currency of the United States of America to Holder at Housing Authority of the County of San Bernardino, 715 East Brier Drive, San Bernardino, CA 92408-2841, Attn: Executive Director, or to such other

place as Holder may from time to time designate. Except as otherwise set forth herein or in any other Loan Document, payments may be applied in such order and manner as Holder may determine in its sole and absolute discretion.

(b) All payments on this Note are without expense to Holder. Borrower shall pay all costs and expenses, including re-conveyance fees and reasonable attorney's fees of Holder, incurred in connection with the payment of this Note and the release of any security provided to secure payment of this Note.

(c) Notwithstanding any other provision of this Note, or any instrument securing the obligations of Borrower under this Note, if, for any reason whatsoever, the payment of any sums by Borrower pursuant to the terms of this Note would result in the payment of interest that exceeds the amount that Holder may legally charge under the laws of the State of California, then the amount by which payments exceed the lawful interest rate will automatically be deducted from the principal balance owing on this Note, so that in no event is Borrower obligated under the terms of this Note to pay any interest that would exceed the lawful rate.

(d) The obligations of Borrower under this Note are absolute and Borrower waives any and all rights to offset, deduct or withhold any payments or charges due under this Note for any reason whatsoever.

7. Default; Acceleration.

(a) Upon the occurrence of a Default and the expiration of applicable cure periods, the entire unpaid principal balance, together with all interest thereon, and together with all other sums then payable under this Note will, at the option of Holder, become immediately due and payable without further demand. In addition to the right to accelerate the payment of this Note upon the occurrence of a Default, Holder shall have all rights and remedies described in the other Loan Documents.

(b) Holder's failure to exercise the remedy set forth in Subsection 7(a) above or any other remedy provided by law upon the occurrence of a Default does not constitute a waiver of the right to exercise any remedy at any subsequent time in respect to the same or any other Default. The acceptance by Holder of any payment that is less than the total of all amounts due and payable at the time of such payment does not constitute a waiver of the right to exercise any of the foregoing remedies or options at that time or at any subsequent time, or nullify any prior exercise of any such remedy or option, without the express consent of Holder, except as and to the extent otherwise provided by law.

8. Waivers.

(a) Borrower hereby waives diligence, presentment, protest and demand, and notice of protest, notice of demand, notice of dishonor and notice of non-payment of this Note. Borrower expressly agrees that the due date for this Note or any payment hereunder may be extended from time to time, and that Holder may accept further security or release any security for this Note, all without in any way affecting the liability of Borrower.

(b) Any extension of time for payment of this Note or any installment hereof made by agreement of Holder with any person now or hereafter liable for payment of this Note must not operate to release, discharge, modify, change or affect the original liability of Borrower under this Note, either in whole or in part.

9. Miscellaneous Provisions.

(a) All notices to Holder or Borrower are to be given in the manner and at the addresses set forth in the Loan Agreement, or to such addresses as Holder and Borrower may therein designate.

(b) Borrower promises to pay all costs and expenses, including reasonable attorney's fees, incurred by Holder in the enforcement of the provisions of this Note, regardless of whether suit is filed to seek enforcement.

(c) This Note is governed by the laws of the State of California.

(d) The times for the performance of any obligations hereunder are to be strictly construed, time being of the essence.

(e) This Note is one of the Loan Documents. This Note may not be modified except upon the written consent of the parties.

(f) Every provision of this Note is intended to be severable. In the event any term or provision of this Note is declared by a court of competent jurisdiction to be illegal, invalid or unenforceable for any reason whatsoever, such illegality, invalidity or unenforceability will not affect the balance of the terms and provisions hereof, which terms and provisions will remain binding and enforceable, and this Note will be construed as if such illegal, invalid or unenforceable provision had not been contained herein.

[signatures on following page]

IN WITNESS WHEREOF, Borrower is executing this Promissory Note as of the day and year first above written.

REPORT/RECOMMENDATION TO THE BOARD OF COMMISSIONERS OF THE HOUSING AUTHORITY OF THE COUNTY OF SAN BERNARDINO AND RECORD OF ACTION

December 14, 2021

FROM

MARIA RAZO, Executive Director, Housing Authority of the County of San Bernardino

SUBJECT

Revisions to the Admissions and Continued Occupancy Plan Governing the Housing Authority of the County of San Bernardino's Public Housing Program.

RECOMMENDATION(S)

Adopt Resolution No. 130 approving revisions to the Admissions and Continued Occupancy Plan governing the Housing Authority of the County of San Bernardino's public housing program.
(Presenter: Maria Razo, Executive Director, 332-6305)

GOALS & OBJECTIVES

HACSB communication is open, honest and consistent.

HACSB clients, programs, and properties are embraced by all communities.

HACSB clients live in safe and desirable homes and communities where they can develop and prosper.

FINANCIAL IMPACT

Approval of the proposed revisions to the Admissions and Continued Occupancy Plan (ACOP) will have some financial impact to the Housing Authority of the County of San Bernardino's (HACSB) public housing operating budget due to potentially adding time to the eviction process for non-payment of rent. The amount is not expected to materially affect the budget and cannot be quantified at this time.

BACKGROUND INFORMATION

HACSB has one public housing multi-family community left in its public housing portfolio. This is a 98-unit community in the City of Upland named Los Olivos. As such any updates to the Public Housing program's ACOP only apply to this community and one single family home. HACSB's ACOP outlines the adopted policies that govern the Public Housing program. The ACOP is required of all public housing authorities administering a Public Housing program and is reviewed and updated as needed to maintain compliance with Public and Indian Housing Notices (PIH), Federal Register Notices as issued by the United States Department of Housing and Urban Development (HUD), and HACSB's Moving to Work (MTW) activities.

The primary reason for updating the ACOP currently is to comply with the HUD PIH Notice 2021-29 which requires all Public Housing Agencies (PHAs) to provide 30 days advanced notice of termination for non-payment of rent. In HACSB's approved 2012 MTW Plan, the Property Management Innovation Activity changed the HUD required 14-day notice to a 3-day notice, to be more in line with state requirements. This proposed revision will update the 3-day notice as previously approved by HUD to a 30-day notice of termination for non-payment of rent. This action will help support families who cannot pay rent by affording them more time to pay rent and avoid eviction. Attached are the proposed revisions to the ACOP with the redline changes.

Revisions to the Admissions and Continued Occupancy Plan Governing the Housing Authority of the County of San Bernardino's Public Housing Program.
December 14, 2021

To ensure compliance with HUD regulations it is recommended the Board of Commissioners adopt the resolution to approve the proposed changes to the ACOP.

PROCUREMENT

Not applicable.

Affordable Housing Programs ACOP

Revised: ~~February~~ December 2021

7.1.5.1 Late Fees and Nonpayment [24 CFR 966.4(b)(3)]

Any payments made by mail or placed in a drop box are made at the resident's risk and must be received by HACSB on or before the end of business on the due date. Payments received after the 5th calendar day will incur a \$50.00 late charge. If the family fails to pay their rent by the fifth day of the month, and the HACSB has not agreed to accept payment at a later date, a ~~3-day~~ 30-day Notice to Pay or Quit will be issued to the resident for failure to pay rent, demanding payment in full or the surrender of the premises (Per PIH Notice 2021-29, PHA's must provide residents no less than 30 days advanced notification of lease termination due to non-payment of rent).²⁷ Notices of late fees will be in accordance with requirements regarding notices of adverse action. Charges are due and payable 14 calendar days after billing.

The resident will incur a \$25.00 charge for the first dishonored check and \$35.00 for any subsequent dishonored check. After receiving any dishonored check, HACSB reserves the right to require all further payments from you to be made by money order, certified check or cashier's check.

If the family requests an informal settlement conference within the required timeframe, the HACSB will not take action for nonpayment of the fee until the conclusion of the process. If the resident can document financial hardship, the late fee may be waived on a case-by-case basis.

The lease provides that late payment fees are not due and collectible until three days after the HACSB gives written Notice to Perform. The written notice is considered an adverse action and must meet the requirements governing a notice of adverse action.

The notice of proposed adverse action must identify the specific grounds for the action and inform the family of their right for an informal settlement conference. The HACSB must not take the proposed action until the time for the resident to request an informal settlement conference has expired, or (if a conference was requested within the required timeframe,) the process has been completed.

²⁷ The FY 2011 Moving to Work Annual Plan included Activity 18: Property Management Innovation.

Housing Authority of the County of San Bernardino

Affordable Housing Programs ACOP

Revised: ~~February~~ December 2021

When the HACSB is not required to offer the resident an opportunity for a grievance hearing because HUD has made a due process determination and the lease termination is for criminal activity that threatens health, safety or right to peaceful enjoyment or for drug-related criminal activity, the notice of lease termination must state that the resident is not entitled to a grievance hearing on the termination. It must specify the judicial eviction procedure to be used by the HACSB for eviction of the resident, and state that HUD has determined that the eviction procedure provides the opportunity for a hearing in court that contains the basic elements of due process as defined in HUD regulations. The notice must also state whether the eviction is for a criminal activity that threatens the health, safety, or right to peaceful enjoyment of the premises of other residents or employees of the HACSB, or for a drug-related criminal activity on or off the premises.

The HACSB will attempt to deliver notices of lease termination directly to the resident or an adult member of the household. If such attempt fails, the notice will be sent by firstclass mail the same day.

12.7.4. Timing of Notice [24 CFR 966.4(l)(3)(i)]

The HACSB must give written notice of lease termination of:

~~3-30 days advanced notice calendar days~~ in the case of failure to pay rent¹ (Per PIH

- Notice 2021-29, PHA's must provide residents no less than 30 days advanced notification of lease termination due to non-payment of rent). This notice remains in effect until amended, superseded, or rescinded by HUD.
- 3 calendar days when the health or safety of other residents or Authority employees is threatened;
- 3 calendar days for violation criminal or drug-related activity; and
- Thirty (30) days for any other lease violations during the first year of tenancy and sixty days (60) after the first year of tenancy.

¹ The FY 2011 Moving to Work Annual Plan included Activity 18: Property Management Innovation which modified HUD requirements regarding the timing of notices.

REPORT/RECOMMENDATION TO THE BOARD OF COMMISSIONERS OF THE HOUSING AUTHORITY OF THE COUNTY OF SAN BERNARDINO AND RECORD OF ACTION

December 14, 2021

FROM

MARIA RAZO, Executive Director, Housing Authority of the County of San Bernardino

SUBJECT

Electrical Panel Upgrades Contract with S & Sons Electrical Contractors Corporation

RECOMMENDATION(S)

1. Award contract No. PC1232, effective January 1, 2022, to S & Sons Electrical Contractors Corporation for the electrical panel upgrades to the 98 units in the Los Olivos Public Housing community in the city of Upland, in an amount not to exceed \$509,500.
2. Authorize and direct the Executive Director to execute and deliver the contract to S & Sons Electrical Contractors Corporation, upon consultation with Legal Counsel, to approve any non-substantive revisions necessary to complete the transaction.
(Presenter: Maria Razo, Executive Director, 332-6305)

GOALS & OBJECTIVES

HACSB has secured the resources needed for accomplishing its mission.

HACSB is a leading developer and provider of affordable housing in the County of San Bernardino.

HACSB clients live in safe and desirable homes and communities where they can develop and prosper.

FINANCIAL IMPACT

The total contract amount is not expected to exceed \$509,500 and will be funded through the Housing Authority of the County of San Bernardino's (HACSB) portfolio operating reserves and/or Public Housing Capital Funds.

BACKGROUND INFORMATION

HACSB is currently in the process of converting the Los Olivos 1941 public housing development under the Rental Assistance Demonstration (RAD) program. As part of the conversion process, a Capital Needs Assessment (CNA) was conducted for the property. Per the CNA, it was discovered that the current electrical panels are not within code due to the age of the equipment. Under normal circumstances this physical improvement would be conducted within 12 months after the RAD transaction closing; however, due to the safety concern and to meet code requirements, HACSB is recommending that this work be initiated prior to closing the RAD transaction, which is set to close in February, 2022.

PROCUREMENT

On September 28, 2021, HACSB issued a Request for Proposal (RFP) PC1232 for Electrical Panel Upgrades which resulted in the receipt of three proposals. Outreach efforts included email invitations to contractors and 114 vendor notifications through the agency's electronic bidding software, PlanetBids.com. The proposals were evaluated per the requirements of the Invitation for Bid (IFB) in which S & Sons Electrical Contractors Corporation had the best price, considered responsive, and determined best qualified to provide this service to HACSB.

Sealed bids were received by the deadline from the following organizations:		
<u>Contractors Name</u>	<u>Location</u>	<u>Total Proposed Amount</u>
S & Sons Electrical Contractors Corporation	Hesperia, California	\$509,500.00
Inter-Pacific, Inc.	Tustin, California	\$524,962.81
Pacific Lighting Mgmt. Inc.	Santa Ana, California	\$633,491.00

Based on the responses for these services, which were solicited to an adequate number of sources and in accordance with Title 2 Code of Federal Regulations Part 200, staff recommends awarding a contract for electrical panel upgrades to S & Sons Electrical Contractors Corporation.

ARTICLE 23. Rights and Remedies of HACSB for Default.

In the event any goods furnished or services provided by Contractor in the performance of the Work should fail to conform to the requirements herein, or to the sample submitted by Contractor, HACSB may reject the same, and it shall become the duty of Contractor to reclaim and remove the item promptly or to correct the performance of services, without expense to HACSB, and immediately replace all such rejected items with others conforming to the Agreement.

- a. In addition to any other rights and remedies HACSB may have, HACSB may require Contractor, at Contractor's expense, to ship goods via air freight or expedited routing to avoid or minimize actual or potential delay if the delay is the fault of Contractor.
- b. In the event of the termination of the Agreement, either in whole or in part, by reason of default or breach by Contractor, any loss or damage sustained by HACSB in procuring any items which Contractor agreed to supply shall be borne and paid for by Contractor.
- c. HACSB reserves the right to offset the reasonable cost of all damages caused to HACSB against any outstanding invoices or amounts owed to Contractor or to make a claim against Contractor therefore.

ARTICLE 24. Termination. In addition to the rights of Termination for Convenience of HACSB and Termination for Default set forth in the Contract Documents, HACSB may terminate this Agreement if Contractor should file a bankruptcy petition and/or be adjudged a bankrupt, or if Contractor should make a general assignment for the benefit of creditors, or if a receiver should be appointed on account of insolvency (as referenced in HUD Form 5370-A Section 34 page 12). HACSB may serve written notice upon Contractor of its intention to terminate the Agreement. The notice shall contain the reasons for such intention to terminate the Agreement, and, unless within ten (10) days after serving such notice, such violation shall cease and satisfactory arrangements for correction thereof be made, upon the expiration of the ten (10) days, the Agreement shall cease and terminate. In the event of any such termination, HACSB shall serve written notice thereof upon any surety and Contractor, and any such surety shall have the right to take over and perform Contractor's obligations pursuant to this Agreement; provided, however, that if such surety does not provide HACSB written notice of its intention to take over and perform the Work required under this Agreement within fifteen (15) days after receiving such written notice, or such surety does not commence performance thereof within thirty (30) days after providing such written notice to HACSB, HACSB shall have the right to perform all uncompleted portions of the Work and to prosecute the same to completion by contract or by any other method it deems advisable, for the account and at the expense of Contractor, and Contractor and its surety shall be liable to HACSB for any excess costs occasioned HACSB thereby and, in such event, HACSB may, without liability for doing so, take possession of and utilize in completing the Work, such materials, appliances, and other property belonging to Contractor as may be on the site of the Work and necessary for the performance of the Work.

ARTICLE 25. Notices. All notices required pursuant to this Agreement shall be communicated in writing, and shall be delivered in person, by commercial courier providing proof of delivery, or by certified mail, return receipt requested.

ARTICLE 28. Severability; Headings. The section headings herein are for reference purposes only and are not intended in any way to describe, interpret, define or limit the extent or intent of this Agreement or of any part hereof.

ARTICLE 29. Interpretation. Should any provision of this Agreement require interpretation, it is agreed that the person or persons interpreting or construing the same shall not apply a presumption that the terms of this Agreement shall be more strictly construed against one party by reason of the rule of construction that a document is to be construed more strictly against the party who itself or through its agent or counsel prepared the same or caused the same to be prepared; it being agreed that the agents and counsel of all of the parties have participated equally in the negotiation and preparation of this Agreement. The language in all parts of this Agreement shall be in all cases construed simply, fairly, equitably and reasonably, according to its plain meaning and not strictly for or against any of the parties.

ARTICLE 30. Counterparts. This Agreement may be executed in multiple counterparts, and when so executed by each of the parties hereto shall constitute a single agreement binding upon all of the parties hereto.

ADDENDUM #1 Question and Answer

IFB PC1232 Los Olivos Electrical Panel Upgrade RAD

1. Please clarify whether the bid has to be Electronic or mail? The main section calls for Electronic bid but elsewhere in the documents, mail-in bids are mentioned
 - All bids are to be delivered online electronically through Planetbids.com
2. Has a Southern California Edison (SCE) contact been established for this project? Please provide contact details.
 - S.C.E has been contacted. Details will be provided.
3. Section 3; Must qualified employees work on the subject project or can they work on just company projects other than this project?
 - Please visit H.U.D. for requirements of Section 3 [Section 3 - Economic Opportunities | HUD.gov / U.S. Department of Housing and Urban Development \(HUD\)](#)
4. What does the scope of verification of wiring include?
 - For each circuit breaker, verify the wire sizes, conditions, and connected loads.
5. Problems/ violations reporting: Is there any scope beyond verifying and reporting existing problems on various homes?
 - Just verify and report existing wire sizes, conditions and connected loads for each circuit.
6. Do we have to measure present loads and label circuits by each load?

- Just verify and report existing wire sizes, conditions and connected loads for each circuit.
7. Do we have to make new holes for conduit penetration or can the existing holes be used to route new conduits?
- It is the contractor's best means and method on carrying out construction work.
8. Can we use existing ground connection or new ground connection needs to be established? Are there one or two grounds that exist at these residences? If only one ground exists, do we need to put in new additional ground connection?
- There may not be any existing ground rods at each residence. The contractor shall provide an itemized cost for 2 ground rods per residence. If only one ground rod is required per residence, a credit shall be given to HACSB for the second ground rod installation.
9. Do existing conduits have to be replaced, particularly, if they are found to be in good condition.
- The contractor shall provide an itemized cost for replacement of conduits. If a conduit is found not required during construction, a credit shall be given to HA-SBC for a non-replacement of conduit.
10. Is the Meter Load Center/ Panel rated NEMA 1 as mentioned on Sheet E3 of the scope of work document? On Sheet E4, weatherproof enclosure is mentioned. We think NEMA 3 is the correct choice?
- If NEMA 3R Meter Load Centers were provided and installed, the weatherproof enclosures would not be required. The installation of NEMA 3R load centers shall be weatherproof compatible with the existing plaster wall construction. The entire replacement shall be weatherproof.
11. Are aluminum panels allowed? It seems that aluminum panels are acceptable to SCE! Some large electrical manufacturers don't seem to have readily available copper meter panel and have standardized around an aluminum meter-panel combination?
- NEMA 3R load centers with Aluminum buses of the specified capacities are acceptable.
12. What type of roof exists on the residential units?
- 25 year shingle, Owens Corning

- (g) "Project" means the entire project, whether construction or rehabilitation, the work for which is provided for in whole or in part under this contract.
- (h) "PHA" means the Public Housing Agency organized under applicable state laws which is a party to this contract.

The Contractor shall also furnish all necessary water, heat, light, and power not made available to the Contractor by the PHA pursuant to the clause entitled Availability and Use of Utility Services herein.
- (b) The Contractor shall perform on the site, and with its own organization, work equivalent to at least [] (12 percent unless otherwise indicated) of the total amount of work to be performed under the order. This percentage may be reduced by a supplemental agreement to this order if, during performing the work, the Contractor requests a reduction and the Contracting Officer determines that the reduction would be to the advantage of the PHA.
- (c) At all times during performance of this contract and until the work is completed and accepted, the Contractor shall directly superintend the work or assign and have on the work site a competent superintendent who is satisfactory to the Contracting Officer and has authority to act for the Contractor.
- (d) The Contractor shall be responsible for all damages to persons or property that occur as a result of the Contractor's fault or negligence, and shall take proper safety and health precautions to protect the work, the workers, the public, and the property of others. - (h) The Contractor's responsibility will terminate when all work has been completed, the final inspection made, and the work accepted by the Contracting Officer. The Contractor will then be released from further obligation except as required by the warranties specified elsewhere in the contract.

3. Architect's Duties, Responsibilities, and Authority

- (a) The Architect for this contract, and any successor, shall be designated in writing by the Contracting Officer.

2. Contractor's Responsibility for Work

- (b) The Architect shall serve as the Contracting Officer's technical representative with respect to architectural, engineering, and design matters related to the work performed under the contract. The Architect may provide direction on contract performance. - (b) The contractor shall begin work upon receipt of a written Notice to Proceed from the Contracting Officer or designee. The Contractor shall not begin work prior to receiving such notice.

6. Construction Progress Schedule

- (a) The Contractor shall, within five days after the work commences on the contract or another period of time determined by the Contracting Officer, prepare and submit to the Contracting Officer for approval three copies of a practicable schedule showing the order in which the Contractor proposes to perform the work, and the dates on which the Contractor contemplates starting and completing the several salient features of the work (including acquiring labor, materials, and equipment). The schedule shall be in the form of a progress chart of suitable scale to indicate appropriately the percentage of work scheduled for completion by any given date during the period. If the Contractor fails to submit a schedule within the time prescribed, the Contracting Officer may withhold approval of progress payments or take other remedies under the contract until the Contractor submits the required schedule.
- (b) The Contractor shall enter the actual progress on the chart as required by the Contracting Officer, and immediately deliver three copies of the annotated schedule to the Contracting Officer. If the Contracting Officer determines, upon the basis of inspection conducted pursuant to the clause entitled Inspection and Acceptance of Construction, herein that the Contractor is not meeting the approved schedule, the Contractor shall take steps necessary to improve its progress, including those that may be required by the Contracting Officer, without additional cost to the PHA. In this circumstance, the Contracting Officer may require the Contractor to increase the number of shifts, overtime operations, days of work, and/or the amount of construction plant, and to submit for approval any supplementary schedule or schedules in chart form as the Contracting Officer deems necessary to demonstrate how the approved rate of progress will be regained.
- (c) Failure of the Contractor to comply with the requirements of the Contracting Officer under this clause shall be grounds for a determination by the Contracting Officer that the Contractor is not prosecuting the work with sufficient diligence to ensure completion within the time specified in the Contract. Upon making this determination, the Contracting Officer may terminate the Contractor's right to proceed with the work, or any separable part of it, in accordance with the Default clause of this contract.

7. Site Investigation and Conditions Affecting the Work

- (a) The Contractor acknowledges that it has taken steps reasonably necessary to ascertain the nature and location of the work, and that it has investigated and satisfied itself as to the general and local conditions which can affect the work or its cost, including but not limited to, (1) conditions bearing upon transportation, disposal, handling, and storage of materials; (2) the availability of labor, water, electric power, and roads; (3) uncertainties of weather, river stages, tides, or similar physical conditions at the site; (4) the conformation and conditions of the ground; and (5) the character of equipment and facilities needed preliminary to and during work performance. The Contractor also acknowledges that it has satisfied itself as to the character, quality, and quantity of surface and subsurface materials or obstacles to be encountered insofar as this information is

reasonably ascertainable from an inspection of the site, including all exploratory work done by the PHA, as well as from the drawings and specifications made a part of this contract. Any failure of the Contractor to take the actions described and acknowledged in this paragraph will not relieve the Contractor from responsibility for estimating properly the difficulty and cost of successfully performing the work, or for proceeding to successfully perform the work without additional expense to the PHA.

- (b) The PHA assumes no responsibility for any conclusions or interpretations made by the Contractor based on the information made available by the PHA. Nor does the PHA assume responsibility for any understanding reached or representation made concerning conditions which can affect the work by any of its officers or agents before the execution of this contract, unless that understanding or representation is expressly stated in this contract.

8. Differing Site Conditions

- (a) The Contractor shall promptly, and before the conditions are disturbed, give a written notice to the Contracting Officer of (1) subsurface or latent physical conditions at the site which differ materially from those indicated in this contract, or (2) unknown physical conditions at the site(s), of an unusual nature, which differ materially from those ordinarily encountered and generally recognized as inhering in work of the character provided for in the contract.
- (b) The Contracting Officer shall investigate the site conditions promptly after receiving the notice. Work shall not proceed at the affected site, except at the Contractor's risk, until the Contracting Officer has provided written instructions to the Contractor. If the conditions do materially so differ and cause an increase or decrease in the Contractor's cost of, or the time required for, performing any part of the work under this contract, whether or not changed as a result of the conditions, the Contractor shall file a claim in writing to the PHA within ten days after receipt of such instructions and, in any event, before proceeding with the work. An equitable adjustment in the contract price, the delivery schedule, or both shall be made under this clause and the contract modified in writing accordingly.
- (c) No request by the Contractor for an equitable adjustment to the contract under this clause shall be allowed, unless the Contractor has given the written notice required; provided, that the time prescribed in (a) above for giving written notice may be extended by the Contracting Officer.
- (d) No request by the Contractor for an equitable adjustment to the contract for differing site conditions shall be allowed if made after final payment under this contract.

9. Specifications and Drawings for Construction

- (a) The Contractor shall keep on the work site a copy of the drawings and specifications and shall at all times give the Contracting Officer access thereto. Anything mentioned in the specifications and not shown on the drawings, or shown on the drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both. In case of difference between drawings and specifications, the specifications shall govern. In case of discrepancy in the figures, in the drawings, or in the specifications, the matter shall be

promptly submitted to the Contracting Officer, who shall promptly make a determination in writing. Any adjustment by the Contractor without such a determination shall be at its own risk and expense. The Contracting Officer shall furnish from time to time such detailed drawings and other information as considered necessary, unless otherwise provided.

- (b) Wherever in the specifications or upon the drawings the words "directed", "required", "ordered", "designated", "prescribed", or words of like import are used, it shall be understood that the "direction", "requirement", "order", "designation", or "prescription", of the Contracting Officer is intended and similarly the words "approved", "acceptable", "satisfactory", or words of like import shall mean "approved by", or "acceptable to", or "satisfactory to" the Contracting Officer, unless otherwise expressly stated.
- (c) Where "as shown" "as indicated", "as detailed", or words of similar import are used, it shall be understood that the reference is made to the drawings accompanying this contract unless stated otherwise. The word "provided" as used herein shall be understood to mean "provide complete in place" that is "furnished and installed".
- (d) "Shop drawings" means drawings, submitted to the PHA by the Contractor, subcontractor, or any lower tier subcontractor, showing in detail (1) the proposed fabrication and assembly of structural elements and (2) the installation (i.e., form, fit, and attachment details) of materials of equipment. It includes drawings, diagrams, layouts, schematics, descriptive literature, illustrations, schedules, performance and test data, and similar materials furnished by the Contractor to explain in detail specific portions of the work required by the contract. The PHA may duplicate, use, and disclose in any manner and for any purpose shop drawings delivered under this contract.
- (e) If this contract requires shop drawings, the Contractor shall coordinate all such drawings, and review them for accuracy, completeness, and compliance with other contract requirements and shall indicate its approval thereon as evidence of such coordination and review. Shop drawings submitted to the Contracting Officer without evidence of the Contractor's approval may be returned for resubmission. The Contracting Officer will indicate an approval or disapproval of the shop drawings and if not approved as submitted shall indicate the PHA's reasons therefore. Any work done before such approval shall be at the Contractor's risk. Approval by the Contracting Officer shall not relieve the Contractor from responsibility for any errors or omissions in such drawings, nor from responsibility for complying with the requirements of this contract, except with respect to variations described and approved in accordance with (f) below.
- (f) If shop drawings show variations from the contract requirements, the Contractor shall describe such variations in writing, separate from the drawings, at the time of submission. If the Architect approves any such variation and the Contracting Officer concurs, the Contracting Officer shall issue an appropriate modification to the contract, except that, if the variation is minor or does not involve a change in price or in time of performance, a modification need not be issued.
- (g) It shall be the responsibility of the Contractor to make timely requests of the PHA for such large scale and full size drawings, color schemes, and other additional information, not already in his possession, which shall be

required in the planning and production of the work. Such requests may be submitted as the need arises, but each such request shall be filed in ample time to permit appropriate action to be taken by all parties involved so as to avoid delay.

- (h) The Contractor shall submit to the Contracting Officer for approval four copies (unless otherwise indicated) of all shop drawings as called for under the various headings of these specifications. Three sets (unless otherwise indicated) of all shop drawings, will be retained by the PHA and one set will be returned to the Contractor. As required by the Contracting Officer, the Contractor, upon completing the work under this contract, shall furnish a complete set of all shop drawings as finally approved. These drawings shall show all changes and revisions made up to the time the work is completed and accepted.
- (i) This clause shall be included in all subcontracts at any tier. It shall be the responsibility of the Contractor to ensure that all shop drawings prepared by subcontractors are submitted to the Contracting Officer.

10. As-Built Drawings

- (a) "As-built drawings," as used in this clause, means drawings submitted by the Contractor or subcontractor at any tier to show the construction of a particular structure or work as actually completed under the contract. "As-built drawings" shall be synonymous with "Record drawings."
- (b) As required by the Contracting Officer, the Contractor shall provide the Contracting Officer accurate information to be used in the preparation of permanent as-built drawings. For this purpose, the Contractor shall record on one set of contract drawings all changes from the installations originally indicated, and record final locations of underground lines by depth from finish grade and by accurate horizontal offset distances to permanent surface improvements such as buildings, curbs, or edges of walks.
- (c) This clause shall be included in all subcontracts at any tier. It shall be the responsibility of the Contractor to ensure that all as-built drawings prepared by subcontractors are submitted to the Contracting Officer.

11. Material and Workmanship

- (a) All equipment, material, and articles furnished under this contract shall be new and of the most suitable grade for the purpose intended, unless otherwise specifically provided in this contract. References in the contract to equipment, material, articles, or patented processes by trade name, make, or catalog number, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition. The Contractor may, at its option, use any equipment, material, article, or process that, in the judgment of, and as approved by the Contracting Officer, is equal to that named in the specifications, unless otherwise specifically provided in this contract.
- (b) Approval of equipment and materials.
 - (1) The Contractor shall obtain the Contracting Officer's approval of the machinery and mechanical and other equipment to be incorporated into the work. When requesting approval, the Contractor shall furnish to the Contracting Officer the name of the manufacturer, the model number, and other information concerning the performance, capacity, nature, and rating of the

machinery and mechanical and other equipment. When required by this contract or by the Contracting Officer, the Contractor shall also obtain the Contracting Officer's approval of the material or articles which the Contractor contemplates incorporating into the work. When requesting approval, the Contractor shall provide full information concerning the material or articles. Machinery, equipment, material, and articles that do not have the required approval shall be installed or used at the risk of subsequent rejection.

- (2) When required by the specifications or the Contracting Officer, the Contractor shall submit appropriately marked samples (and certificates related to them) for approval at the Contractor's expense, with all shipping charges prepaid. The Contractor shall label, or otherwise properly mark on the container, the material or product represented, its place of origin, the name of the producer, the Contractor's name, and the identification of the construction project for which the material or product is intended to be used.
- (3) Certificates shall be submitted in triplicate, describing each sample submitted for approval and certifying that the material, equipment or accessory complies with contract requirements. The certificates shall include the name and brand of the product, name of manufacturer, and the location where produced.
- (4) Approval of a sample shall not constitute a waiver of the PHA right to demand full compliance with contract requirements. Materials, equipment and accessories may be rejected for cause even though samples have been approved.
- (5) Wherever materials are required to comply with recognized standards or specifications, such specifications shall be accepted as establishing the technical qualities and testing methods, but shall not govern the number of tests required to be made nor modify other contract requirements. The Contracting Officer may require laboratory test reports on items submitted for approval or may approve materials on the basis of data submitted in certificates with samples. Check tests will be made on materials delivered for use only as frequently as the Contracting Officer determines necessary to insure compliance of materials with the specifications. The Contractor will assume all costs of retesting materials which fail to meet contract requirements and/or testing materials offered in substitution for those found deficient.
- (6) After approval, samples will be kept in the Project office until completion of work. They may be built into the work after a substantial quantity of the materials they represent has been built in and accepted.
- (c) Requirements concerning lead-based paint. The Contractor shall comply with the requirements concerning lead-based paint contained in the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821-4846) as implemented by 24 CFR Part 35.

12. Permits and Codes

- (a) The Contractor shall give all notices and comply with all applicable laws, ordinances, codes, rules and regulations. Notwithstanding the requirement of the Contractor to comply with the drawings and specifications in the contract, all work installed shall comply with all applicable codes and regulations as amended by any

waivers. Before installing the work, the Contractor shall examine the drawings and the specifications for compliance with applicable codes and regulations bearing on the work and shall immediately report any discrepancy it may discover to the Contracting Officer. Where the requirements of the drawings and specifications fail to comply with the applicable code or regulation, the Contracting Officer shall modify the contract by change order pursuant to the clause entitled Changes herein to conform to the code or regulation.

- (b) The Contractor shall secure and pay for all permits, fees, and licenses necessary for the proper execution and completion of the work. Where the PHA can arrange for the issuance of all or part of these permits, fees and licenses, without cost to the Contractor, the contract amount shall be reduced accordingly.

13. Health, Safety, and Accident Prevention

- (a) In performing this contract, the Contractor shall:
 - (1) Ensure that no laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his/her health and/or safety as determined under construction safety and health standards promulgated by the Secretary of Labor by regulation;
 - (2) Protect the lives, health, and safety of other persons;
 - (3) Prevent damage to property, materials, supplies, and equipment; and,
 - (4) Avoid work interruptions.
- (b) For these purposes, the Contractor shall:
 - (1) Comply with regulations and standards issued by the Secretary of Labor at 29 CFR Part 1926. Failure to comply may result in imposition of sanctions pursuant to the Contract Work Hours and Safety Standards Act (Public Law 91-54, 83 Stat. 96), 40 U.S.C. 3701 et seq.; and
 - (2) Include the terms of this clause in every subcontract so that such terms will be binding on each subcontractor.
- (c) The Contractor shall maintain an accurate record of exposure data on all accidents incident to work performed under this contract resulting in death, traumatic injury, occupational disease, or damage to property, materials, supplies, or equipment, and shall report this data in the manner prescribed by 29 CFR Part 1904.
- (d) The Contracting Officer shall notify the Contractor of any noncompliance with these requirements and of the corrective action required. This notice, when delivered to the Contractor or the Contractor's representative at the site of the work, shall be deemed sufficient notice of the noncompliance and corrective action required. After receiving the notice, the Contractor shall immediately take corrective action. If the Contractor fails or refuses to take corrective action promptly, the Contracting Officer may issue an order stopping all or part of the work until satisfactory corrective action has been taken. The Contractor shall not base any claim or request for equitable adjustment for additional time or money on any stop order issued under these circumstances.
- (e) The Contractor shall be responsible for its subcontractors' compliance with the provisions of this clause. The Contractor shall take such action with respect to any subcontract as the PHA, the Secretary of Housing and Urban Development, or the Secretary of Labor shall direct as a means of enforcing such provisions.

14. Temporary Heating

The Contractor shall provide and pay for temporary heating, covering, and enclosures necessary to properly protect all work and materials against damage by dampness and cold, to dry out the work, and to facilitate the completion of the work. Any permanent heating equipment used shall be turned over to the PHA in the condition and at the time required by the specifications.

15. Availability and Use of Utility Services

- (a) The PHA shall make all reasonably required amounts of utilities available to the Contractor from existing outlets and supplies, as specified in the contract. Unless otherwise provided in the contract, the amount of each utility service consumed shall be charged to or paid for by the Contractor at prevailing rates charged to the PHA or, where the utility is produced by the PHA, at reasonable rates determined by the Contracting Officer. The Contractor shall carefully conserve any utilities furnished without charge.
- (b) The Contractor, at its expense and in a manner satisfactory to the Contracting Officer, shall install and maintain all necessary temporary connections and distribution lines, and all meters required to measure the amount of each utility used for the purpose of determining charges. Before final acceptance of the work by the PHA, the Contractor shall remove all the temporary connections, distribution lines, meters, and associated paraphernalia.

16. Protection of Existing Vegetation, Structures, Equipment, Utilities, and Improvements

- (a) The Contractor shall preserve and protect all structures, equipment, and vegetation (such as trees, shrubs, and grass) on or adjacent to the work site, which are not to be removed under this contract, and which do not unreasonably interfere with the work required under this contract.
- (b) The Contractor shall only remove trees when specifically authorized to do so, and shall avoid damaging vegetation that will remain in place. If any limbs or branches of trees are broken during performance of this contract, or by the careless operation of equipment, or by workmen, the Contractor shall trim those limbs or branches with a clean cut and paint the cut with a tree-pruning compound as directed by the Contracting Officer.
- (c) The Contractor shall protect from damage all existing improvements and utilities (1) at or near the work site and (2) on adjacent property of a third party, the locations of which are made known to or should be known by the Contractor. Prior to disturbing the ground at the construction site, the Contractor shall ensure that all underground utility lines are clearly marked.
- (d) The Contractor shall shore up, brace, underpin, secure, and protect as necessary all foundations and other parts of existing structures adjacent to, adjoining, and in the vicinity of the site, which may be affected by the excavations or other operations connected with the construction of the project.
- (e) Any equipment temporarily removed as a result of work under this contract shall be protected, cleaned, and replaced in the same condition as at the time of award of this contract.

- (f) New work which connects to existing work shall correspond in all respects with that to which it connects and/or be similar to existing work unless otherwise required by the specifications.
- (g) No structural members shall be altered or in any way weakened without the written authorization of the Contracting Officer, unless such work is clearly specified in the plans or specifications.
- (h) If the removal of the existing work exposes discolored or unfinished surfaces, or work out of alignment, such surfaces shall be refinished, or the material replaced as necessary to make the continuous work uniform and harmonious. This, however, shall not be construed to require the refinishing or reconstruction of dissimilar finishes previously exposed, or finished surfaces in good condition, but in different planes or on different levels when brought together by the removal of intervening work, unless such refinishing or reconstruction is specified in the plans or specifications.
- (i) The Contractor shall give all required notices to any adjoining or adjacent property owner or other party before the commencement of any work.
- (j) The Contractor shall indemnify and save harmless the PHA from any damages on account of settlement or the loss of lateral support of adjoining property, any damages from changes in topography affecting drainage, and from all loss or expense and all damages for which the PHA may become liable in consequence of such injury or damage to adjoining and adjacent structures and their premises.
- (k) The Contractor shall repair any damage to vegetation, structures, equipment, utilities, or improvements, including those that are the property of a third party, resulting from failure to comply with the requirements of this contract or failure to exercise reasonable care in performing the work. If the Contractor fails or refuses to repair the damage promptly, the Contracting Officer may have the necessary work performed and charge the cost to the Contractor.

17. Temporary Buildings and Transportation of Materials

- (a) Temporary buildings (e.g., storage sheds, shops, offices, sanitary facilities) and utilities may be erected by the Contractor only with the approval of the Contracting Officer and shall be built with labor and materials furnished by the Contractor without expense to the PHA. The temporary buildings and utilities shall remain the property of the Contractor and shall be removed by the Contractor at its expense upon completion of the work. With the written consent of the Contracting Officer, the buildings and utilities may be abandoned and need not be removed.
- (b) The Contractor shall, as directed by the Contracting Officer, use only established roadways, or use temporary roadways constructed by the Contractor when and as authorized by the Contracting Officer. When materials are transported in prosecuting the work, vehicles shall not be loaded beyond the loading capacity recommended by the manufacturer of the vehicle or prescribed by any federal, state, or local law or regulation. When it is necessary to cross curbs or sidewalks, the Contractor shall protect them from damage. The Contractor shall repair or pay for the repair of any damaged curbs, sidewalks, or roads.

18. Clean Air and Water

The contractor shall comply with the Clean Air Act, as amended, 42 USC 7401 et seq., the Federal Water Pollution Control Water Act, as amended, 33 U.S.C. 1251 et seq., and standards issued pursuant thereto in the facilities in which this contract is to be performed.

19. Energy Efficiency

The Contractor shall comply with mandatory standards and policies relating to energy efficiency which are contained in the energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub.L. 94-163) for the State in which the work under the contract is performed.

20. Inspection and Acceptance of Construction

- (a) Definitions. As used in this clause -
 - (1) "Acceptance" means the act of an authorized representative of the PHA by which the PHA approves and assumes ownership of the work performed under this contract. Acceptance may be partial or complete.
 - (2) "Inspection" means examining and testing the work performed under the contract (including, when appropriate, raw materials, equipment, components, and intermediate assemblies) to determine whether it conforms to contract requirements.
 - (3) "Testing" means that element of inspection that determines the properties or elements, including functional operation of materials, equipment, or their components, by the application of established scientific principles and procedures.
- (b) The Contractor shall maintain an adequate inspection system and perform such inspections as will ensure that the work performed under the contract conforms to contract requirements. All work is subject to PHA inspection and test at all places and at all reasonable times before acceptance to ensure strict compliance with the terms of the contract.
- (c) PHA inspections and tests are for the sole benefit of the PHA and do not: (1) relieve the Contractor of responsibility for providing adequate quality control measures; (2) relieve the Contractor of responsibility for loss or damage of the material before acceptance; (3) constitute or imply acceptance; or, (4) affect the continuing rights of the PHA after acceptance of the completed work under paragraph (j) below.
- (d) The presence or absence of the PHA inspector does not relieve the Contractor from any contract requirement, nor is the inspector authorized to change any term or condition of the specifications without the Contracting Officer's written authorization. All instructions and approvals with respect to the work shall be given to the Contractor by the Contracting Officer.
- (e) The Contractor shall promptly furnish, without additional charge, all facilities, labor, and material reasonably needed for performing such safe and convenient inspections and tests as may be required by the Contracting Officer. The PHA may charge to the Contractor any additional cost of inspection or test when work is not ready at the time specified by the Contractor for inspection or test, or when prior rejection makes reinspection or retest necessary. The PHA shall perform all inspections and tests in a manner that will not unnecessarily delay the work. Special, full size, and performance tests shall be performed as described in the contract.

- (f) The PHA may conduct routine inspections of the construction site on a daily basis.
- (g) The Contractor shall, without charge, replace or correct work found by the PHA not to conform to contract requirements, unless the PHA decides that it is in its interest to accept the work with an appropriate adjustment in contract price. The Contractor shall promptly segregate and remove rejected material from the premises.
- (h) If the Contractor does not promptly replace or correct rejected work, the PHA may (1) by contract or otherwise, replace or correct the work and charge the cost to the Contractor, or (2) terminate for default the Contractor's right to proceed.
- (i) If any work requiring inspection is covered up without approval of the PHA, it must, if requested by the Contracting Officer, be uncovered at the expense of the Contractor. If at any time before final acceptance of the entire work, the PHA considers it necessary or advisable, to examine work already completed by removing or tearing it out, the Contractor, shall on request, promptly furnish all necessary facilities, labor, and material. If such work is found to be defective or nonconforming in any material respect due to the fault of the Contractor or its subcontractors, the Contractor shall defray all the expenses of the examination and of satisfactory reconstruction. If, however, such work is found to meet the requirements of the contract, the Contracting Officer shall make an equitable adjustment to cover the cost of the examination and reconstruction, including, if completion of the work was thereby delayed, an extension of time.
- (j) The Contractor shall notify the Contracting Officer, in writing, as to the date when in its opinion all or a designated portion of the work will be substantially completed and ready for inspection. If the Architect determines that the state of preparedness is as represented, the PHA will promptly arrange for the inspection. Unless otherwise specified in the contract, the PHA shall accept, as soon as practicable after completion and inspection, all work required by the contract or that portion of the work the Contracting Officer determines and designates can be accepted separately. Acceptance shall be final and conclusive except for latent defects, fraud, gross mistakes amounting to fraud, or the PHA's right under any warranty or guarantee.

21. Use and Possession Prior to Completion

- (a) The PHA shall have the right to take possession of or use any completed or partially completed part of the work. Before taking possession of or using any work, the Contracting Officer shall furnish the Contractor a list of items of work remaining to be performed or corrected on those portions of the work that the PHA intends to take possession of or use. However, failure of the Contracting Officer to list any item of work shall not relieve the Contractor of responsibility for complying with the terms of the contract. The PHA's possession or use shall not be deemed an acceptance of any work under the contract.
- (b) While the PHA has such possession or use, the Contractor shall be relieved of the responsibility for (1) the loss of or damage to the work resulting from the PHA's possession or use, notwithstanding the terms of the clause entitled Permits and Codes herein; (2) all maintenance costs on the areas occupied; and, (3) furnishing heat, light, power, and water used in the areas

occupied without proper remuneration therefore. If prior possession or use by the PHA delays the progress of the work or causes additional expense to the Contractor, an equitable adjustment shall be made in the contract price or the time of completion, and the contract shall be modified in writing accordingly.

22. Warranty of Title

The Contractor warrants good title to all materials, supplies, and equipment incorporated in the work and agrees to deliver the premises together with all improvements thereon free from any claims, liens or charges, and agrees further that neither it nor any other person, firm or corporation shall have any right to a lien upon the premises or anything appurtenant thereto.

23. Warranty of Construction

- (a) In addition to any other warranties in this contract, the Contractor warrants, except as provided in paragraph (j) of this clause, that work performed under this contract conforms to the contract requirements and is free of any defect in equipment, material, or workmanship performed by the Contractor or any subcontractor or supplier at any tier. This warranty shall continue for a period of _____ (one year unless otherwise indicated) from the date of final acceptance of the work. If the PHA takes possession of any part of the work before final acceptance, this warranty shall continue for a period of (one year unless otherwise indicated) from the date that the PHA takes possession.
- (b) The Contractor shall remedy, at the Contractor's expense, any failure to conform, or any defect. In addition, the Contractor shall remedy, at the Contractor's expense, any damage to PHA-owned or controlled real or personal property when the damage is the result of—
 - (1) The Contractor's failure to conform to contract requirements; or
 - (2) Any defects of equipment, material, workmanship or design furnished by the Contractor.
- (c) The Contractor shall restore any work damaged in fulfilling the terms and conditions of this clause. The Contractor's warranty with respect to work repaired or replaced will run for (one year unless otherwise indicated) from the date of repair or replacement.
- (d) The Contracting Officer shall notify the Contractor, in writing, within a reasonable time after the discovery of any failure, defect or damage.
- (e) If the Contractor fails to remedy any failure, defect, or damage within a reasonable time after receipt of notice, the PHA shall have the right to replace, repair or otherwise remedy the failure, defect, or damage at the Contractor's expense.
- (f) With respect to all warranties, express or implied, from subcontractors, manufacturers, or suppliers for work performed and materials furnished under this contract, the Contractor shall:
 - (1) Obtain all warranties that would be given in normal commercial practice;
 - (2) Require all warranties to be executed in writing, for the benefit of the PHA; and,
 - (3) Enforce all warranties for the benefit of the PHA.
- (g) In the event the Contractor's warranty under paragraph (a) of this clause has expired, the PHA may bring suit at its own expense to enforce a subcontractor's, manufacturer's or supplier's warranty.

- (h) Unless a defect is caused by the negligence of the Contractor or subcontractor or supplier at any tier, the Contractor shall not be liable for the repair of any defect of material or design furnished by the PHA nor for the repair of any damage that results from any defect in PHA furnished material or design.
- (i) Notwithstanding any provisions herein to the contrary, the establishment of the time periods in paragraphs (a) and (c) above relate only to the specific obligation of the Contractor to correct the work, and have no relationship to the time within which its obligation to comply with the contract may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Contractor's liability with respect to its obligation other than specifically to correct the work.
- (j) This warranty shall not limit the PHA's rights under the Inspection and Acceptance of Construction clause of this contract with respect to latent defects, gross mistakes or fraud.

24. Prohibition Against Liens

The Contractor is prohibited from placing a lien on the PHA's property. This prohibition shall apply to all subcontractors at any tier and all materials suppliers.

Administrative Requirements

25. Contract Period

this contract within _____ calendar days of the effective date of the contract, or within the time schedule established in the notice to proceed issued by the Contracting Officer.

26. Order of Provisions

In the event of a conflict between these General Conditions and the Specifications, the General Conditions shall prevail. In the event of a conflict between the contract and any applicable state or local law or regulation, the state or local law or regulation shall prevail; provided that such state or local law or regulation does not conflict with, or is less restrictive than applicable federal law, regulation, or Executive Order. In the event of such a conflict, applicable federal law, regulation, and Executive Order shall prevail.

27. Payments

- (a) The PHA shall pay the Contractor the price as provided in this contract.
- (b) The PHA shall make progress payments approximately every 30 days as the work proceeds, on estimates of work accomplished which meets the standards of quality established under the contract, as approved by the Contracting Officer. The PHA may, subject to written determination and approval of the Contracting Officer, make more frequent payments to contractors which are qualified small businesses.
- (c) Before the first progress payment under this contract, the Contractor shall furnish, in such detail as requested by the Contracting Officer, a breakdown of the total contract price showing the amount included therein for each principal category of the work, which shall substantiate the payment amount requested in order to provide a

basis for determining progress payments. The breakdown shall be approved by the Contracting Officer and must be acceptable to HUD. If the contract covers more than one project, the Contractor shall furnish a separate breakdown for each. The values and quantities employed in making up this breakdown are for determining the amount of progress payments and shall not be construed as a basis for additions to or deductions from the contract price. The Contractor shall prorate its overhead and profit over the construction period of the contract.

- (d) The Contractor shall submit, on forms provided by the PHA, periodic estimates showing the value of the work performed during each period based upon the approved

submitted not later than 15 days in advance of the date set for payment and are subject to correction and revision as required. The estimates must be approved by the Contracting Officer with the concurrence of the Architect prior to payment. If the contract covers more than one project, the Contractor shall furnish a separate progress payment estimate for each.

- (e) Along with each request for progress payments and the required estimates, the Contractor shall furnish the following certification, or payment shall not be made: I hereby certify, to the best of my knowledge and belief, that:

- (1) The amounts requested are only for performance in accordance with the specifications, terms, and conditions of the contract;
- (2) Payments to subcontractors and suppliers have been made from previous payments received under the contract, and timely payments will be made from the proceeds of the payment covered by this certification, in accordance with subcontract agreements; and,
- (3) This request for progress payments does not include any amounts which the prime contractor intends to withhold or retain from a subcontractor or supplier in accordance with the terms and conditions of the subcontract.

Title: _____

Date: _____

- (f) Except as otherwise provided in State law, the PHA shall retain ten (10) percent of the amount of progress payments until completion and acceptance of all work under the contract; except, that if upon completion of 50 percent of the work, the Contracting Officer, after consulting with the Architect, determines that the Contractor's performance and progress are satisfactory, the PHA may make the remaining payments in full for the work subsequently completed. If the Contracting Officer subsequently determines that the Contractor's performance and progress are unsatisfactory, the PHA shall reinstate the ten (10) percent (or other percentage as provided in State law) retainage until such time as the Contracting Officer determines that performance and progress are satisfactory.
- (g) The Contracting Officer may authorize material delivered on the site and preparatory work done to be taken into consideration when computing progress payments.

Material delivered to the Contractor at locations other than the site may also be taken into consideration if the Contractor furnishes satisfactory evidence that (1) it has acquired title to such material; (2) the material is properly stored in a bonded warehouse, storage yard, or similar suitable place as may be approved by the Contracting Officer; (3) the material is insured to cover its full value; and (4) the material will be used to perform this contract. Before any progress payment which includes delivered material is made, the Contractor shall furnish such documentation as the Contracting Officer may require to assure the protection of the PHA's interest in such materials. The Contractor shall remain responsible for such stored material notwithstanding the transfer of title to the PHA.

- (h) All material and work covered by progress payments made shall, at the time of payment become the sole property of the PHA, but this shall not be construed as (1) relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work; or, (2) waiving the right of the PHA to require the fulfillment of all of the terms of the contract. In the event the work of the Contractor has been damaged by other contractors or persons other than employees of the PHA in the course of their employment, the Contractor shall restore such damaged work without cost to the PHA and to seek redress for its damage only from those who directly caused it.
- (i) The PHA shall make the final payment due the Contractor under this contract after (1) completion and final acceptance of all work; and (2) presentation of release of all claims against the PHA arising by virtue of this contract, other than claims, in stated amounts, that the Contractor has specifically excepted from the operation of the release. Each such exception shall embrace no more than one claim, the basis and scope of which shall be clearly defined. The amounts for such excepted claims shall not be included in the request for final payment. A release may also be required of the assignee if the Contractor's claim to amounts payable under this contract has been assigned.
- (j) Prior to making any payment, the Contracting Officer may require the Contractor to furnish receipts or other evidence of payment from all persons performing work and supplying material to the Contractor, if the Contracting Officer determines such evidence is necessary to substantiate claimed costs.
- (k) The PHA shall not; (1) determine or adjust any claims for payment or disputes arising there under between the Contractor and its subcontractors or material suppliers; or, (2) withhold any moneys for the protection of the subcontractors or material suppliers. The failure or refusal of the PHA to withhold moneys from the Contractor shall in nowise impair the obligations of any surety or sureties under any bonds furnished under this contract.

28. Contract Modifications

- (a) Only the Contracting Officer has authority to modify any term or condition of this contract. Any contract modification shall be authorized in writing.
- (b) The Contracting Officer may modify the contract unilaterally (1) pursuant to a specific authorization stated in a contract clause (e.g., Changes); or (2) for administrative matters which do not change the rights or

responsibilities of the parties (e.g., change in the PHA address). All other contract modifications shall be in the form of supplemental agreements signed by the Contractor and the Contracting Officer.

- (c) When a proposed modification requires the approval of HUD prior to its issuance (e.g., a change order that exceeds the PHA's approved threshold), such modification shall not be effective until the required approval is received by the PHA.

29. Changes

- (a) The Contracting Officer may, at any time, without notice to the sureties, by written order designated or indicated to be a change order, make changes in the work within the general scope of the contract including changes:
 - (1) In the specifications (including drawings and designs);
 - (2) In the method or manner of performance of the work;
 - (3) PHA-furnished facilities, equipment, materials, services, or site; or,
 - (4) Directing the acceleration in the performance of the work.
- (b) Any other written order or oral order (which, as used in this paragraph (b), includes direction, instruction, interpretation, or determination) from the Contracting Officer that causes a change shall be treated as a change order under this clause; provided, that the Contractor gives the Contracting Officer written notice stating (1) the date, circumstances and source of the order and (2) that the Contractor regards the order as a change order.
- (c) Except as provided in this clause, no order, statement or conduct of the Contracting Officer shall be treated as a change under this clause or entitle the Contractor to an equitable adjustment.
- (d) If any change under this clause causes an increase or decrease in the Contractor's cost of, or the time required for the performance of any part of the work under this contract, whether or not changed by any such order, the Contracting Officer shall make an equitable adjustment and modify the contract in writing. However, except for a adjustment based on defective specifications, no proposal for any change under paragraph (b) above shall be allowed for any costs incurred more than 20 days (5 days for oral orders) before the Contractor gives written notice as required. In the case of defective specifications for which the PHA is responsible, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with the defective specifications.
- (e) The Contractor must assert its right to an adjustment under this clause within 30 days after (1) receipt of a written change order under paragraph (a) of this clause, or (2) the furnishing of a written notice under paragraph (b) of this clause, by submitting a written statement describing the general nature and the amount of the proposal. If the facts justify it, the Contracting Officer may extend the period for submission. The proposal may be included in the notice required under paragraph (b) above. No proposal by the Contractor for an equitable adjustment shall be allowed if asserted after final payment under this contract.
- (f) The Contractor's written proposal for equitable adjustment shall be submitted in the form of a lump sum proposal supported with an itemized breakdown of all increases and decreases in the contract in at least the following details:

- (1) Direct Costs. Materials (list individual items, the quantity and unit cost of each, and the aggregate cost); Transportation and delivery costs associated with materials; Labor breakdowns by hours or unit costs (identified with specific work to be performed); Construction equipment exclusively necessary for the change; Costs of preparation and/ or revision to shop drawings resulting from the change; Worker's Compensation and Public Liability Insurance; Employment taxes under FICA and FUTA; and, Bond Costs when size of change warrants revision.
- (2) Indirect Costs. Indirect costs may include overhead, general and administrative expenses, and fringe benefits not normally treated as direct costs.
- (3) Profit. The amount of profit shall be negotiated and may vary according to the nature, extent, and complexity of the work required by the change. The allowability of the direct and indirect costs shall be determined in accordance with the Contract Cost Principles and Procedures for Commercial Firms in Part 31 of the Federal Acquisition Regulation (48 CFR 1-31), as implemented by HUD Handbook 2210.18, in effect on the date of this contract. The Contractor shall not be allowed a profit on the profit received by any subcontractor. Equitable adjustments for deleted work shall include a credit for profit and may include a credit for indirect costs. On proposals covering both increases and decreases in the amount of the contract, the application of indirect costs and profit shall be on the net-change in direct costs for the Contractor or subcontractor performing the work.
- (g) The Contractor shall include in the proposal its request for time extension (if any), and shall include sufficient information and dates to demonstrate whether and to what extent the change will delay the completion of the contract in its entirety.
- (h) The Contracting Officer shall act on proposals within 30 days after their receipt, or notify the Contractor of the date when such action will be taken.
- (i) Failure to reach an agreement on any proposal shall be a dispute under the clause entitled Disputes herein. Nothing in this clause, however, shall excuse the Contractor from proceeding with the contract as changed.
- (j) Except in an emergency endangering life or property, no change shall be made by the Contractor without a prior order from the Contracting Officer.

30. Suspension of Work

- (a) The Contracting Officer may order the Contractor in writing to suspend, delay, or interrupt all or any part of the work of this contract for the period of time that the Contracting Officer determines appropriate for the convenience of the PHA.
- (b) If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed, or interrupted (1) by an act of the Contracting Officer in the administration of this contract, or (2) by the Contracting Officer's failure to act within the time specified (or within a reasonable time if not specified) in this contract an adjustment shall be made for any increase in the cost of performance of the contract (excluding profit) necessarily caused by such unreasonable suspension, delay, or interruption and the contract modified in writing accordingly. However, no adjustment shall be made under this clause for any suspension, delay, or interruption to the extent that performance would have

been so suspended, delayed, or interrupted by any other cause, including the fault or negligence of the Contractor or for which any equitable adjustment is provided for or excluded under any other provision of this contract.

- (c) A claim under this clause shall not be allowed (1) for any costs incurred more than 20 days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order); and, (2) unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of the suspension, delay, or interruption, but not later than the date of final payment under the contract.

31. Disputes

- (a) "Claim," as used in this clause, means a written demand or written assertion by one of the contracting parties seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to the contract. A claim arising under the contract, unlike a claim relating to the contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant. A voucher, invoice, or other routine request for payment that is not in dispute when submitted is not a claim. The submission may be converted to a claim by complying with the requirements of this clause, if it is disputed either as to liability or amount or is not acted upon in a reasonable time.
- (b) Except for disputes arising under the clauses entitled Labor Standards - Davis Bacon and Related Acts, herein, all disputes arising under or relating to this contract, including any claims for damages for the alleged breach thereof which are not disposed of by agreement, shall be resolved under this clause.
- (c) All claims by the Contractor shall be made in writing and submitted to the Contracting Officer for a written decision. A claim by the PHA against the Contractor shall be subject to a written decision by the Contracting Officer.
- (d) The Contracting Officer shall, within 60 (unless otherwise indicated) days after receipt of the request, decide the claim or notify the Contractor of the date by which the decision will be made.
- (e) The Contracting Officer's decision shall be final unless the Contractor (1) appeals in writing to a higher level in the PHA in accordance with the PHA's policy and procedures, (2) refers the appeal to an independent mediator or arbitrator, or (3) files suit in a court of competent jurisdiction. Such appeal must be made within (30 unless otherwise indicated) days after receipt of the Contracting Officer's decision.
- (f) The Contractor shall proceed diligently with performance of this contract, pending final resolution of any request for relief, claim, appeal, or action arising under or relating to the contract, and comply with any decision of the Contracting Officer.

32. Default

- (a) If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with the diligence that will insure its completion within the time specified in this contract, or any extension thereof, or fails to complete said work within this time, the Contracting Officer may, by written notice to the Contractor, terminate the right to

proceed with the work (or separable part of the work) that has been delayed. In this event, the PHA may take over the work and complete it, by contract or otherwise, and may take possession of and use any materials, equipment, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the PHA resulting from the Contractor's refusal or failure to complete the work within the specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the PHA in completing the work.

- (b) The Contractor's right to proceed shall not be terminated or the Contractor charged with damages under this clause if—
 - (1) The delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (i) acts of God, or of the public enemy, (ii) acts of the PHA or other governmental entity in either its sovereign or contractual capacity, (iii) acts of another contractor in the performance of a contract with the PHA, (iv) fires, (v) floods, (vi) epidemics, (vii) quarantine restrictions, (viii) strikes, (ix) freight embargoes, (x) unusually severe weather, or (xi) delays of subcontractors or suppliers at any tier arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and the subcontractors or suppliers; and
 - (2) The Contractor, within days (10 days unless otherwise indicated) from the beginning of such delay (unless extended by the Contracting Officer) notifies the Contracting Officer in writing of the causes of delay. The Contracting Officer shall ascertain the facts and the extent of the delay. If, in the judgment of the Contracting Officer, the findings of fact warrant such action, time for completing the work shall be extended by written modification to the contract. The findings of the Contracting Officer shall be reduced to a written decision which shall be subject to the provisions of the Disputes clause of this contract.
- (c) If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been for convenience of the PHA.

33. Liquidated Damages

- (a) If the Contractor fails to complete the work within the time specified in the contract, or any extension, as specified in the clause entitled Default of this contract, the Contractor shall pay to the PHA as liquidated damages, the sum of \$250.00 per day for each day of delay. If different completion dates are specified in the contract for separate parts or stages of the work, the amount of liquidated damages shall be assessed on those parts or stages which are delayed. To the extent that the Contractor's delay or nonperformance is excused under another clause in this contract, liquidated damages shall not be due the PHA. The Contractor remains liable for damages caused other than by delay.
- (b) If the PHA terminates the Contractor's right to proceed, the resulting damage will consist of liquidated damages until such reasonable time as may be required for final

completion of the work together with any increased costs occasioned the PHA in completing the work.

- (c) If the PHA does not terminate the Contractor's right to proceed, the resulting damage will consist of liquidated damages until the work is completed or accepted.

34. Termination for Convenience

- (a) The Contracting Officer may terminate this contract in whole, or in part, whenever the Contracting Officer determines that such termination is in the best interest of the PHA. Any such termination shall be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which the performance of the work under the contract is terminated, and the date upon which such termination becomes effective.
- (b) If the performance of the work is terminated, either in whole or in part, the PHA shall be liable to the Contractor for reasonable and proper costs resulting from such termination upon the receipt by the PHA of a properly presented claim setting out in detail: (1) the total cost of the work performed to date of termination less the total amount of contract payments made to the Contractor; (2) the cost (including reasonable profit) of settling and paying claims under subcontracts and material orders for work performed and materials and supplies delivered to the site, payment for which has not been made by the PHA to the Contractor or by the Contractor to the subcontractor or supplier; (3) the cost of preserving and protecting the work already performed until the PHA or assignee takes possession thereof or assumes responsibility therefore; (4) the actual or estimated cost of legal and accounting services reasonably necessary to prepare and present the termination claim to the PHA; and (5) an amount constituting a reasonable profit on the value of the work performed by the Contractor.
- (c) The Contracting Officer will act on the Contractor's claim within days (60 days unless otherwise indicated) of receipt of the Contractor's claim.
- (d) Any disputes with regard to this clause are expressly made subject to the provisions of the Disputes clause of this contract.

35. Assignment of Contract

The Contractor shall not assign or transfer any interest in this contract; except that claims for monies due or to become due from the PHA under the contract may be assigned to a bank, trust company, or other financial institution. Such assignments of claims shall only be made with the written concurrence of the Contracting Officer. If the Contractor is a partnership, this contract shall inure to the benefit of the surviving or remaining member(s) of such partnership as approved by the Contracting Officer.

per occurrence to protect the Contractor and each subcontractor against claims for bodily injury or death and damage to the property of others. This shall cover the use of all equipment, hoists, and vehicles on the site(s) not covered by Automobile Liability under (3) below. If the Contractor has a "claims made" policy, then the following additional requirements apply: the policy must provide a "retroactive date" which must be on or before the execution date of the Contract; and the extended reporting period may not be less than five years following the completion date of the Contract.

- (3) Automobile Liability on owned and non-owned motor vehicles used on the site(s) or in connection therewith for a combined single limit for bodily injury and property damage of not less than \$ 1,000,000.00 [Contracting Officer insert amount] per occurrence.
- (b) Before commencing work, the Contractor shall furnish the PHA with a certificate of insurance evidencing that Builder's Risk (fire and extended coverage) Insurance on all work in place and/or materials stored at the building site(s), including foundations and building equipment, is in force. The Builder's Risk Insurance shall be for the benefit of the Contractor and the PHA as their interests may appear and each shall be named in the policy or policies as an insured. The Contractor in installing equipment supplied by the PHA shall carry insurance on such equipment from the time the Contractor takes possession thereof until the Contract work is accepted by the PHA. The Builder's Risk Insurance need not be carried on excavations, piers, footings, or foundations until such time as work on the superstructure is started. It need not be carried on landscape work. Policies shall furnish coverage at all times for the full cash value of all completed construction, as well as materials in place and/or stored at the site(s), whether or not partial payment has been made by the PHA. The Contractor may terminate this insurance on buildings as of the date taken over for occupancy by the PHA. The Contractor is not required to carry Builder's Risk Insurance for modernization work which does not involve structural alterations or additions and where the PHA's existing fire and extended coverage policy can be endorsed to include such work.
- (c) All insurance shall be carried with companies which are financially responsible and admitted to do business in the State in which the project is located. If any such insurance is due to expire during the construction period, the Contractor (including subcontractors, as applicable) shall not permit the coverage to lapse and shall furnish evidence of coverage to the Contracting Officer. All certificates of insurance, as evidence of coverage, shall provide that no coverage may be canceled or non-renewed by the insurance company until at least 30 days prior written notice has been given to the Contracting Officer.

- (a) Minimum Wages.
 - (1) All laborers and mechanics employed under this contract in the development or construction of the project(s) involved will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the Contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the regular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits in the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR 5.5(a)(1)(ii) and the Davis-Bacon poster (WH-1321) shall

be posted at all times by the Contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

- (2) (i) Any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when all the following criteria have been met: (A) The work to be performed by the classification requested is not performed by a classification in the wage determination; and (B) The classification is utilized in the area by the construction industry; and (C) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.
- (ii) If the Contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employee Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary.
- (iii) In the event the Contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator of the Wage and Hour Division for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary.
- (iv) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (a)(2)(ii) or (iii) of this clause shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in classification.
- (3) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the Contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.
- (4) If the Contractor does not make payments to a trustee or other third person, the Contractor may consider as part of the wages of any laborer or mechanic the

amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program; provided, that the Secretary of Labor has found, upon the written request of the Contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the Contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

- (b) Withholding of funds. HUD or its designee shall, upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the Contractor under this contract or any other Federal contract with the same prime Contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime Contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the Contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working in the construction or development of the project, all or part of the wages required by the contract, HUD or its designee may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the Contractor, disburse such amounts withheld for and on account of the Contractor or subcontractor to the respective employees to whom they are due.
- (c) Payrolls and basic records.
- (1) Payrolls and basic records relating thereto shall be maintained by the Contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working in the construction or development of the project. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made, and actual wages paid. Whenever the Secretary of Labor has found, under 29 CFR 5.5(a)(1)(iv), that the wages of any laborer or mechanic include the amount of costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the Contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

- (2) (i) The Contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the Contracting Officer for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under subparagraph (c)(1) of this clause. This information may be submitted in any form desired. Optional Form WH-347 (Federal Stock Number 029-005-00014-1) is available for this purpose and may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. The Contractor is responsible for the submission of copies of payrolls by all subcontractors. (Approved by the Office of Management and Budget under OMB Control Number 1214-0149.)
- (ii) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the Contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:
- (A) That the payroll for the payroll period contains the information required to be maintained under paragraph (c) (1) of this clause and that such information is correct and complete;
- (B) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3; and
- (C) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.
- (iii) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirements for submission of the "Statement of Compliance" required by subparagraph (c)(2)(ii) of this clause.
- (iv) The falsification of any of the above certifications may subject the Contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 3729 of Title 31 of the United States Code.
- (3) The Contractor or subcontractor shall make the records required under subparagraph (c)(1) available for inspection, copying, or transcription by authorized representatives of HUD or its designee, the Contracting Officer, or the Department of Labor and shall permit such representatives to interview employees during working hours on the job. If the Contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the Contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to

make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

- (d) (1) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship and Training, Employer and Labor Services (OATELS), or with a State Apprenticeship Agency recognized by OATELS, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by OATELS or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the Contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated in this paragraph, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the Contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event OATELS, or a State Apprenticeship Agency recognized by OATELS, withdraws approval of an apprenticeship program, the Contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.
- (2) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under

the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed in the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate in the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate in the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate in the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the Contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

- (3) Equal employment opportunity. The utilization of apprentices, trainees, and journeymen under this clause shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.
- (e) Compliance with Copeland Act requirements. The Contractor shall comply with the requirements of 29 CFR Part 3, which are hereby incorporated by reference in this contract.
- (f) Contract termination; debarment. A breach of this contract clause may be grounds for termination of the contract and for debarment as a Contractor and a subcontractor as provided in 29 CFR 5.12.
- (g) Compliance with Davis-Bacon and related Act requirements. All rulings and interpretations of the Davis-Bacon and related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract.
- (h) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this clause shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the Contractor (or any of its subcontractors) and the PHA, HUD, the U.S. Department of Labor, or the employees or their representatives.
- (i) Certification of eligibility.
 - (1) By entering into this contract, the Contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the Contractor's firm is a person or firm ineligible to be awarded contracts by the United States Government by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).

- (2) No part of this contract shall be subcontracted to any person or firm ineligible for award of a United States Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
- (3) The penalty for making false statements is prescribed in the U. S. Criminal Code, 18 U.S.C. 1001.
- (j) Contract Work Hours and Safety Standards Act. As used in this paragraph, the terms "laborers" and "mechanics" include watchmen and guards.
 - (1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics, including watchmen and guards, shall require or permit any such laborer or mechanic in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.
 - (2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the provisions set forth in subparagraph (j)(1) of this clause, the Contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such Contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic (including watchmen and guards) employed in violation of the provisions set forth in subparagraph (j)(1) of this clause, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by provisions set forth in subparagraph (j)(1) of this clause.
 - (3) Withholding for unpaid wages and liquidated damages. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the Contractor or subcontractor under any such contract or any Federal contract with the same prime Contractor, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime Contractor, such sums as may be determined to be necessary to satisfy any liabilities of such Contractor or subcontractor for unpaid wages and liquidated damages as provided in the provisions set forth in subparagraph (j)(2) of this clause.
- (k) Subcontracts. The Contractor or subcontractor shall insert in any subcontracts all the provisions contained in this clause, and such other clauses as HUD or its designee may by appropriate instructions require, and also a clause requiring the subcontractors to include these provisions in any lower tier subcontracts. The prime Contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all these provisions.

47. Non-Federal Prevailing Wage Rates

- (a) Any prevailing wage rate (including basic hourly rate and any fringe benefits), determined under State or tribal law to be prevailing, with respect to any employee in any trade or position employed under the contract, is inapplicable to the contract and shall not be enforced against the Contractor or any subcontractor, with respect to employees engaged under the contract whenever such non-Federal prevailing wage rate exceeds:
 - (1) The applicable wage rate determined by the Secretary of Labor pursuant to the Davis-Bacon Act (40 U.S.C. 3141 et seq.) to be prevailing in the locality with respect to such trade;
- (b) An applicable apprentice wage rate based thereon specified in an apprenticeship program registered with the U.S. Department of Labor (DOL) or a DOL-recognized State Apprenticeship Agency; or
- (c) An applicable trainee wage rate based thereon specified in a DOL-certified trainee program.

48. Procurement of Recovered Materials.

- (a) In accordance with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act, the Contractor shall procure items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition. The Contractor shall procure items designated in the EPA guidelines that contain the highest percentage of recovered materials practicable unless the Contractor determines that such items: (1) are not reasonably available in a reasonable period of time; (2) fail to meet reasonable performance standards, which shall be determined on the basis of the guidelines of the National Institute of Standards and Technology, if applicable to the item; or (3) are only available at an unreasonable price.
- (b) Paragraph (a) of this clause shall apply to items purchased under this contract where: (1) the Contractor purchases in excess of \$10,000 of the item under this contract; or (2) during the preceding Federal fiscal year, the Contractor: (i) purchased any amount of the items for use under a contract that was funded with Federal appropriations and was with a Federal agency or a State agency or agency of a political subdivision of a State; and (ii) purchased a total of in excess of \$10,000 of the item both under and outside that contract.

Broad form property damage endorsement must be attached. HACSB is to be named as an additional insured on any contracts of insurance under this paragraph b. Coverage shall not extend to any indemnity coverage for the active negligence of the additional insured in any case where an agreement to indemnify the additional insured would be invalid under Subdivision (b) of Section 2782 of the Civil Code.  - a. Contractor shall hold HACSB, its officers, agents and employees, harmless from liability of any nature or kind, including costs and expenses, for infringement or use of any copyrighted or uncopyrighted composition, secret process, patented or unpatented invention, article or appliance furnished or used in connection with the Agreement.
 - b. Contractor may be required to furnish a bond to HACSB against any and all loss, damage, costs, expenses, claims and liability for patent, copyright and trade secret infringement.
 - c. Contractor, at its own expense, shall defend any action brought against HACSB to the extent that such action is based upon a claim that the goods or software supplied by Contractor or the operation of such goods pursuant to a current version of Contractor supplied operating software infringes a United States patent or copyright or violates a trade secret. Contractor shall pay those costs and damages finally awarded against HACSB in any such action. Such defense and payment shall be conditioned on the following:
 - i. That Contractor shall be notified within a reasonable time in writing by HACSB of any notice of such claim; and,
 - ii. That Contractor shall have the sole control of the defense of any action on such claim and all negotiations for its settlement or compromise; provided, however, that when principles of government or public law are involved, HACSB shall have the option to participate in such action at its own expense.
 - d. Should the goods or software, or the operation thereof, become, or in Contractor's opinion are likely to become, the subject of a claim of infringement of a United States patent or copyright or a trade secret, HACSB shall permit Contractor at its option and expense either to procure for HACSB the right to continue using the goods or software, or to replace or modify the same so that they become non-infringing. If none of these options can reasonably be taken, or if the use of such goods or software by HACSB shall be prevented by injunction, Contractor agrees to take back such goods or software and make every reasonable effort to assist HACSB in procuring substitute goods or software. If, in the sole opinion of HACSB, the return of such infringing goods or software makes the retention of other goods or software acquired from Contractor under this Agreement impractical, HACSB shall then have the option of terminating such Agreement, or applicable portions thereof, without penalty or termination charge. Contractor agrees to take back such goods or software and refund any sums HACSB has paid Contractor.
 - e. Contractor shall have no liability to HACSB under any provision of this clause with respect to any claim of patent, copyright or trade secret infringement which is based upon:

- i. The combination or utilization of goods furnished hereunder with equipment or devices not made or furnished by Contractor; or,
 - ii. The operation of equipment furnished by Contractor under the control of any operating software other than, or in addition to, the current version of Contractor-supplied operating software; or
 - iii. The modification by HACSB of the equipment furnished hereunder or of the software; or
 - iv. The combination or utilization of software furnished hereunder with non-Contractor supplied software.
- f. Contractor certifies that it has appropriate systems and controls in place to ensure that HACSB funds will not be used in the performance of this Agreement for the acquisition, operation or maintenance of computer software in violation of copyright laws.
- g. The foregoing states the entire liability of Contractor to HACSB with respect to infringement of patents, copyrights or trade secrets.

22. STOP WORK:

- a. HACSB may, at any time, by written Stop Work order ("Stop Work Order") to Contractor, require Contractor to stop all, or any part, of the Work called for by this Agreement for a period up to ninety (90) days after the Stop Work Order is delivered to Contractor, and for any further period to which the parties may agree. The Stop Work Order shall be specifically identified as such and shall indicate it is issued under this clause. Upon receipt of the Stop Work Order, Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work Order during the period of work stoppage. Within a period of ninety (90) days after a Stop Work Order is delivered to Contractor, or within any extension of that period to which the parties shall have agreed, HACSB shall either:
- i. Cancel the Stop Work Order; or
 - ii. Terminate the Work covered by the Stop Work Order as provided for in the termination for default or the voluntary termination provision of this Agreement.
 - iii. If a Stop Work Order issued under this clause is canceled or the period of the Stop Work Order or any extension thereof expires, Contractor shall resume work. HACSB shall make an equitable adjustment in the delivery schedule, the price, or both, and the Agreement shall be modified, in writing, accordingly, if:
 - 1. The Stop Work Order results in an increase in the time required for, or in Contractor's cost properly allocable to the performance of any part of this Agreement; and
 - 2. Contractor asserts its right to an equitable adjustment within thirty (30) days after the end of the period of work stoppage; provided that if HACSB decides the facts justify the action, HACSB may receive and act upon a proposal submitted at any time before final payment under this Agreement.
- b. If a Stop Work Order is not canceled and the Work covered by the Stop Work Order is terminated in accordance with the provision entitled Voluntary Termination, HACSB shall allow reasonable costs resulting from the Stop Work Order in arriving at the termination settlement.
- c. HACSB shall not be liable to Contractor for loss of profits because of a Stop Work Order issued under this clause.

23. COVENANT AGAINST GRATUITIES: Contractor warrants that it complies with the Copeland "Anti-Kickback" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3), and that no gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by Contractor, or any agent or representative of Contractor, to any officer or employee of HACSB with a view toward securing the Agreement or securing favorable treatment with respect to any determinations concerning the performance of the Agreement. For breach or violation of this warranty, HACSB shall have the right to terminate the Agreement, either in whole or in part, and any loss or damage sustained by HACSB in procuring on the open market any items which Contractor agreed to supply shall be borne and paid for by Contractor. The rights and remedies of HACSB provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or in equity.

24. **COMPLIANCE WITH DAVIS-BACON ACT:** For construction agreements in excess of \$2,000, Contractor certifies that it complies with the Davis-Bacon Act (40 U.S.C. 276a to 276a-7) as supplemented by Department of Labor regulations (29 CFR Part 3). Unless otherwise indicated in the Statement of Work, Contractors of HACSB are required, pursuant to 24 CFR 85.36(h)(5), to pay Davis-Bacon wage rates for all "construction contracts and related subcontracts in excess of \$2000," which means, for such jobs, the wage rates paid must be equal to or exceed the listed applicable Davis-Bacon wage rate. Compliance with this clause also means that Contractor may be subject to completing certain reports and to audits by HACSB and the Department of Housing and Urban Development. Such reports and information relating to compliance can be obtained at the Internet website: <http://www.gpo.gov/davisbacon/>. Contractor shall include the wage provisions of this clause in all subcontracts to perform work under this Agreement.
- HACSB shall have the right to audit Contractor, at any time, in order to ensure compliance with the requirements of this Section. In connection therewith, Contractor agrees to maintain accurate books and records in connection with the Work, and all payments made or received by Contractor pursuant to this Agreement, and to provide such information to HACSB, within five (5) business days of any request by HACSB. In addition, Contractor shall provide, upon two (2) business days request, information to HACSB of each and every employee retained by Contractor in connection with the Work, and shall permit HACSB to interview any such employees, contractors or subcontractors. Contractor agrees that all maintenance laborers and mechanics employed by it in connection with the performance of the Work shall be paid unconditionally and not less often than semi-monthly, and without subsequent deduction (except as otherwise provided by law or regulations), the full amount of wages due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Housing and Urban Development. Such laborers and mechanics shall be paid the appropriate wage rate on the wage determination for the classification of work actually performed, without regard to skill. Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein; provided, that Contractor's payroll records accurately set forth the time spent in each classification in which the work is performed. The wage determination, including any additional classifications and wage rates approved by HUD shall be posted at all times by Contractor and its subcontractors at the site of the Work in a prominent and accessible place where it can be easily seen by the workers.
25. **CALIFORNIA PREVAILING WAGE (IF AGREEMENT PRICE IS LESS THAN \$2,000):** In the event the Agreement Price is less than \$2,000, Contractor agrees to comply with all prevailing rate requirements of the California Labor Code. HACSB shall have the right to audit and inspect Contractor's books and records, and interview Contractor's employees, contractors and subcontractors, all according to the same provisions set forth in Section 26 above.
26. **EQUAL EMPLOYMENT OPPORTUNITY:** For all construction agreements in excess of \$10,000, Contractor certifies its compliance with Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity," as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR Chapter 60).

Contractor and subcontractors shall insure that the evaluation and treatment of their employees and applicants for employment are free from such discrimination and harassment. Contractor and subcontractors shall comply with the provisions of the Fair Employment and Housing Act (Government Code, Section 12990 et seq.) and the applicable regulations promulgated thereunder (California Code of Regulations, Title 2, Section 7285.0 et seq.). The applicable regulations of the Fair Employment and Housing Commission implementing Government Code Section 12990 (a-f), set forth in Chapter 5 of Division 4 of Title 2 of the California Code of Regulations are incorporated into this Agreement by reference and made a part hereof as if set forth in full. 30. **RECYCLING:** Contractor shall certify in writing under penalty of perjury, compliance with Public Contract Code Section 12200, in products, materials, goods, or supplies offered or sold to HACSB regardless of whether the product meets the requirements of Section 12209.

Federal Labor Standards Provisions
(form HUD-4010)

Applicability

The Project or Program to which the construction work covered by this contract pertains is being assisted by the United States of America and the following Federal Labor Standards Provisions are included in this Contract pursuant to the provisions applicable to such Federal assistance.

A. 1. (i) Minimum Wages. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR Part 3), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics. Contributions made or costs reasonably anticipated for bona fide fringe benefits under Section I(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of 29 CFR 5.5(a)(1)(iv); also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs, which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period.

Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under 29 CFR 5.5(a)(1)(ii) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible, place where it can be easily seen by the workers.

(ii) (a) Any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. HUD shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(b) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and HUD or its designee agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by HUD or its designee to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, D.C. 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB control number 1215-0140.)

(c) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and HUD or its designee do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), HUD or its designee shall refer the questions, including the views of all interested parties and the recommendation of HUD or its designee, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise HUD or its designee or will notify HUD or its designee within the 30-day period that additional time is necessary. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

(d) The wage rate (including fringe benefits where appropriate) determined pursuant to subparagraphs (1)(ii)(b) or (c) of this paragraph, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part

of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program. (Approved by the Office of Management and Budget under OMB Control Number 1215-0140.)

2. Withholding. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other Federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee or helper, employed or working on the site of the work, all or part of the wages required by the contract, HUD or its designee may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased. HUD or its designee may, after written notice to the contractor, disburse such amounts withheld for and on account of the contractor or subcontractor to the respective employees to whom they are due. The Comptroller General shall make such disbursements in the case of direct Davis-Bacon Act contracts.

3. (i) Payrolls and basic records. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in Section 1(b)(2)(B) of the Davis-bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5 (a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in Section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been

communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs. (Approved by the Office of Management and Budget under OMB Control Numbers 1215-0140 and 1215-0017.)

(ii) (a) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i) except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to HUD or its designee if the agency is a party to the contract, but if the agency is not such a party, the contractor will submit the payrolls to the applicant sponsor, or owner, as the case may be, for transmission to HUD or its designee, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this subparagraph for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to HUD or its designee. (Approved by the Office of Management and Budget under OMB Control Number 1215-0149.)

(b) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under 29 CFR 5.5 (a)(3)(ii), the appropriate information is being maintained under 29 CFR 5.5(a)(3)(i), and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in 29 CFR Part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(c) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by subparagraph A.3.(ii)(b).

(d) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under Section 1001 of Title 18 and Section 231 of Title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under subparagraph A.3.(i) available for inspection, copying, or transcription by authorized representatives of HUD or its designee or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, HUD or its designee may, after written notice to the contractor, sponsor, applicant or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

4. Apprentices and Trainees.

(i) **Apprentices.** Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who

is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) **Trainees.** Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by

the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under 29 CFR Part 5 shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR Part 30.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR Part 3 which are incorporated by reference in this contract

6. Subcontracts. The contractor or subcontractor will insert in any subcontracts the clauses contained in subparagraphs 1 through 11 in this paragraph A and such other clauses as HUD or its designee may by appropriate instructions require, and a copy of the applicable prevailing wage decision, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in this paragraph.

7. Contract termination; debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

8. Compliance with Davis-Bacon and Related Act Requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR Parts 1, 3, and 5 are herein incorporated by reference in this contract

9. Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR Parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and HUD or its designee, the U.S. Department of Labor, or the employees or their representatives.

10. (i) Certification of Eligibility. By entering into this contract the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be

awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(ii) No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of Section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1) or to be awarded HUD contracts or participate in HUD programs pursuant to 24 CFR Part 24.

(iii) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001. Additionally, U.S. Criminal Code, Section 1 01 0, Title 18, U.S.C., "Federal Housing Administration transactions", provides in part: "Whoever, for the purpose of . . . influencing in any way the action of such Administration..... makes, utters or publishes any statement knowing the same to be false..... shall be fined not more than \$5,000 or imprisoned not more than two years, or both."

11. Complaints, Proceedings, or Testimony by Employees. No laborer or mechanic to whom the wage, salary, or other labor standards provisions of this Contract are applicable shall be discharged or in any other manner discriminated against by the Contractor or any subcontractor because such employee has filed any complaint or instituted or caused to be instituted any proceeding or has testified or is about to testify in any proceeding under or relating to the labor standards applicable under this Contract to his employer.

B. Contract Work Hours and Safety Standards Act. The provisions of this paragraph B are applicable where the amount of the prime contract exceeds \$100,000. As used in this paragraph, the terms "laborers" and "mechanics" include watchmen and guards.

(1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which the individual is employed on such work to work in excess of 40 hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of 40 hours in such workweek.

(2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in subparagraph (1) of this paragraph, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in subparagraph (1) of this paragraph, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of 40 hours without payment of the overtime wages required by the clause set forth in subparagraph (1) of this paragraph.

(3) Withholding for unpaid wages and liquidated damages. HUD or its designee shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contract, or any other Federally-assisted contract subject to the Contract Work Hours and Safety Standards Act which is held by the same prime contractor such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in subparagraph (2) of this paragraph.

(4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in subparagraph (1) through (4) of this paragraph and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in subparagraphs (1) through (4) of this paragraph.

C. Health and Safety. The provisions of this paragraph C are applicable where the amount of the prime contract exceeds \$100,000.

(1) No laborer or mechanic shall be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous to his health and safety as determined under construction safety and health standards promulgated by the Secretary of Labor by regulation.

(2) The Contractor shall comply with all regulations issued by the Secretary of Labor pursuant to Title 29 Part 1926 and failure to comply may result in imposition of sanctions pursuant to the Contract Work Hours and Safety Standards Act, (Public Law 91-54, 83 Stat 96). 40 USC 3701 et seq.

(3) The contractor shall include the provisions of this paragraph in every subcontract so that such provisions will be binding on each subcontractor. The contractor shall take such action with respect to any subcontractor as the Secretary of Housing and Urban Development or the Secretary of Labor shall direct as a means of enforcing such provisions.

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.95 for calendar year 2021 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.95 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2021. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher than the conformed wage rate). The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

=====
Note: Executive Order (EO) 13706, Establishing Paid Sick Leave
for Federal Contractors applies to all contracts subject to the
Davis-Bacon Act for which the contract is awarded (and any
solicitation was issued) on or after January 1, 2017. If this
contract is covered by the EO, the contractor must provide

employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the

wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

END OF GENERAL DECISION"

REPORT/RECOMMENDATION TO THE BOARD OF COMMISSIONERS OF THE HOUSING AUTHORITY OF THE COUNTY OF SAN BERNARDINO AND RECORD OF ACTION

December 14, 2021

FROM

MARIA RAZO, Executive Director, Housing Authority of the County of San Bernardino

SUBJECT

Southern California Edison to Purchase a Grant of Easement and Right of Way

RECOMMENDATION(S)

1. Approve a grant of easement and right of way to Southern California Edison, to use and maintain above ground electrical power system on real property owned by the Housing Authority of the County of San Bernardino, at 508 The Terrace in the City of Redlands.
2. Authorize and direct the Executive Director, upon consultation with Legal Counsel, to accept and sign ancillary documents or exhibits necessary to finalize and record the grants of easement with the County of San Bernardino Recorder.

(Presenter: Maria Razo, Executive Director, 332-6305)

GOALS & OBJECTIVES

HACSB is a leading developer and provider of affordable housing in the County of San Bernardino.

HACSB clients live in safe and desirable homes and communities where they can develop and prosper.

FINANCIAL IMPACT

Approval of this item will result in a net positive financial impact to the Housing Authority of the County of San Bernardino (HACSB) as the cost of recording these easement documents will be paid for by Southern California Edison (SCE), along with a payment of \$10,100 from SCE to HACSB for the purchase of this easement.

BACKGROUND INFORMATION

HACSB currently owns and manages approximately 1,300 units of multi-family housing throughout San Bernardino County of which various utility companies provide services to these properties. Utility company, SCE, would like to upgrade the power pole and lines already on this property. The improvement will require a larger transmission easement of approximately 900 square feet in an area behind our buildings adjacent to the alleyway. As a result, approval of this item is necessary for SCE to improve the power pole and lines in this area of the community. The grant of easement and right of way is for a portion of HACSB's real property at 508 The Terrace in the City of Redlands. This action will not result any actual physical site work or disruption to the housing residents at this location.

PROCUREMENT

Not applicable.

REVIEW BY OTHERS

This item has been reviewed by General Legal Counsel, Fred Galante, on December 2, 2021.

Instructions for Form 590

Withholding Exemption Certificate

References in these instructions are to the California Revenue and Taxation Code (R&TC).

General Information

For purposes of California income tax, references to a spouse, husband, or wife also refer to a Registered Domestic Partner (RDP) unless otherwise specified. For more information on RDPs, get FTB Pub. 737, Tax Information for Registered Domestic Partners.

Private Mail Box (PMB) – Include the PMB in the address field. Write “PMB” first, then the box number. Example: 111 Main Street PMB 123.

Foreign Address – Enter the information in the following order: City, Country, Province/Region, and Postal Code. Follow the country's practice for entering the postal code. **Do not** abbreviate the country's name.

A Purpose

Use Form 590, Withholding Exemption Certificate, to certify an exemption from nonresident withholding. California residents or entities should complete and present Form 590 to the withholding agent. The withholding agent is then relieved of the withholding requirements if the agent relies in good faith on a completed and signed Form 590 unless told by the Franchise Tax Board (FTB) that the form should not be relied upon.

Important – This form cannot be used for exemption from wage and real estate withholding.

- If you are an employee, any wage withholding questions should be directed to the FTB General Information number, 800.852.5711. Employers should call 888.745.3886 or go to edd.ca.gov.
- Sellers of California real estate use Form 593-C, Real Estate Withholding Certificate, to claim an exemption from real estate withholding.

B Requirement

R&TC Section 18662 requires withholding of income or franchise tax on payments of California source income made to nonresidents of California.

Withholding is required on the following, but is not limited to:

- Payments to nonresidents for services rendered in California.
- Distributions of California source income made to domestic nonresident S corporation shareholders, partners and members and allocations of California source income made to foreign partners and members.
- Payments to nonresidents for rents if the payments are made in the course of the withholding agent's business.
- Payments to nonresidents for royalties with activities in California.

- Distributions of California source income to nonresident beneficiaries from an estate or trust.
- Prizes and winnings received by nonresidents for contests in California.

However, withholding is optional if the total payments of California source income are \$1,500 or less during the calendar year.

For more information on withholding get FTB Pub. 1017, Resident and Nonresident Withholding Guidelines. To get a withholding publication see General Information H, Publications, Forms, and Additional Information.

Backup Withholding – Beginning on or after January 1, 2010, with certain limited exceptions, payers that are required to withhold and remit backup withholding to the Internal Revenue Service (IRS) are also required to withhold and remit to the FTB. The California backup withholding rate is 7% of the payment. For California purposes, dividends, interests, and any financial institutions release of loan funds made in the normal course of business are exempt from backup withholding. For additional information on California backup withholding, go to ftb.ca.gov and search for **backup withholding**.

If a payee has backup withholding, the payee must contact the FTB to provide a valid Taxpayer Identification Number (TIN) before filing a tax return. The following are acceptable TINs: social security number (SSN); individual taxpayer identification number (ITIN); federal employer identification number (FEIN); California corporation number (CA Corp No.); or California Secretary of State (SOS) file number. Failure to provide a valid TIN will result in the denial of the backup withholding credit. For more information go to ftb.ca.gov and search for **backup withholding**.

Who is Excluded from Withholding – The following are excluded from withholding and completing this form:

- The United States and any of its agencies or instrumentalities
- A state, a possession of the United States, the District of Columbia, or any of its political subdivisions or instrumentalities
- A foreign government or any of its political subdivisions, agencies, or instrumentalities

C Who Certifies this Form

Form 590 is certified by the payee. An incomplete certificate is invalid and the withholding agent should not accept it. If the withholding agent receives an incomplete certificate, the withholding agent is required to withhold tax on payments made to the payee until a valid certificate is received. In lieu of a completed certificate on the preprinted form, the

withholding agent may accept as a substitute certificate a letter from the payee explaining why the payee is not subject to withholding. The letter must contain all the information required on the certificate in similar language, including the under penalty of perjury statement and the payee's taxpayer identification number. The withholding agent must retain a copy of the certificate or substitute for at least four years after the last payment to which the certificate applies, and provide it upon request to the FTB.

For example, if an entertainer (or the entertainer's business entity) is paid for a performance, the entertainer's information must be provided. **Do not** submit the entertainer's agent or promoter information.

The grantor of a grantor trust shall be treated as the payee for withholding purposes.

Therefore, if the payee is a grantor trust and one or more of the grantors is a nonresident, withholding is required. If all of the grantors on the trust are residents, no withholding is required. Resident grantors can check the box on Form 590 labeled “Individuals — Certification of Residency.”

D Who is a Resident

A California resident is any individual who is in California for other than a temporary or transitory purpose or any individual domiciled in California who is absent for a temporary or transitory purpose.

An individual domiciled in California who is absent from California for an uninterrupted period of at least 546 consecutive days under an employment-related contract is considered outside California for other than a temporary or transitory purpose.

An individual is still considered outside California for other than a temporary or transitory purpose if return visits to California do not total more than 45 days during any taxable year covered by an employment contract.

This provision does not apply if an individual has income from stocks, bonds, notes, or other intangible personal property in excess of \$200,000 in any taxable year in which the employment-related contract is in effect.

A spouse/RDP absent from California for an uninterrupted period of at least 546 days to accompany a spouse/RDP under an employment-related contract is considered outside of California for other than a temporary or transitory purpose.

Generally, an individual who comes to California for a purpose which will extend over a long or indefinite period will be considered a resident. However, an individual who comes to perform a particular contract of short duration will be considered a nonresident.

For assistance in determining resident status, get FTB Pub. 1031, Guidelines for Determining Resident Status, and FTB Pub. 1032, Tax Information for Military Personnel, or call the FTB at 800.852.5711 or 916.845.6500.

E Military Spouse Residency Relief Act (MSRRA)

Generally, for tax purposes you are considered to maintain your existing residence or domicile. If a military servicemember and nonmilitary spouse have the same state of domicile, the MSRRA provides:

- A spouse shall not be deemed to have lost a residence or domicile in any state solely by reason of being absent to be with the servicemember serving in compliance with military orders.
- A spouse shall not be deemed to have acquired a residence or domicile in any other state solely by reason of being there to be with the servicemember serving in compliance with military orders.

Domicile is defined as the one place:

- Where you maintain a true, fixed, and permanent home
- To which you intend to return whenever you are absent

A military servicemember's nonmilitary spouse is considered a nonresident for tax purposes if the servicemember and spouse have the same domicile outside of California and the spouse is in California solely to be with the servicemember who is serving in compliance with Permanent Change of Station orders. Note: California may require nonmilitary spouses of military servicemembers to provide proof that they meet the criteria for California personal income tax exemption as set forth in the MSRRA.

Income of a military servicemember's nonmilitary spouse for services performed in California is not California source income subject to state tax if the spouse is in California to be with the servicemember serving in compliance with military orders, and the servicemember and spouse have the same domicile in a state other than California.

For additional information or assistance in determining whether the applicant meets the MSRRA requirements, get FTB Pub. 1032.

F What is a Permanent Place of Business

A corporation has a permanent place of business in California if it is organized and existing under the laws of California or if it is a foreign corporation qualified to transact intrastate business by the California SOS. A corporation that has not qualified to transact intrastate business (e.g., a corporation engaged exclusively in interstate commerce) will be considered as having a permanent place of business in California only if it maintains a permanent office in California that is permanently staffed by its employees.

G Withholding Agent

Keep Form 590 for your records. **Do not** send this form to the FTB unless it has been specifically requested.

For more information, contact Withholding Services and Compliance, see General Information H.

The payee must notify the withholding agent if any of the following situations occur:

- The individual payee becomes a nonresident.
- The corporation ceases to have a permanent place of business in California or ceases to be qualified to do business in California.
- The partnership ceases to have a permanent place of business in California.
- The LLC ceases to have a permanent place of business in California.
- The tax-exempt entity loses its tax-exempt status.

The withholding agent must then withhold and report the withholding using Form 592, Resident and Nonresident Withholding Statement, and remit the withholding using Form 592-V, Payment Voucher for Resident and Nonresident Withholding. Form 592-B, Resident and Nonresident Withholding Tax Statement, is retained by the withholding agent and a copy is given to the payee.

- (b) The fair market value of the property taken for which there is no relevant market is its value on the date of valuation as determined by any method of valuation that is just and equitable.
- 1263.330 The fair market value of the property taken shall not include any increase or decrease in the value of the property that is attributable to any of the following:
- (a) The project for which the property is taken;
- (b) The eminent domain proceeding in which the property is taken;
- (c) Any preliminary actions of the plaintiff relating to the taking of the property.

SUBJECT: Offer to Purchase Grant of Easement – APN: 0169-191-26-0000

Southern California Edison (SCE) is currently working on a deteriorated pole project located at 508 The Terrace in the City of Redlands. In order to accommodate the project, SCE needs to install a new tubular steel pole on APN 0169-191-26-0000.

SCE has conducted an appraisal to determine fair compensation for property rights associated with the easement. The appraiser has determined that the fair market value for property rights to be purchased by SCE from you is \$10,100.00.

SCE is offering you \$10,100.00 for the new easement. If you choose to accept this offer, please sign in the space below and return this letter in the envelope provided. I have also included two copies of the easement document, W9 Tax Form, and CA590 Exemption Tax Form for your review. Once the signed letter is received, SCE will contact you to enable proper execution of all documentation required to complete the easement purchase. Your prompt attention to this matter is appreciated.

If you should have any questions or would like to discuss this offer, please feel free to contact me at (909) 274-1840 or by e-mail at Yvonne.M.Ha@sce.com.

Under penalties of perjury, I certify that:

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

The person who gives Form W-9 to the partnership for purposes of establishing its U.S. status and avoiding withholding on its allocable share of net income from the partnership conducting a trade or business in the United States is in the following cases:

- The U.S. owner of a disregarded entity and not the entity,
- The U.S. grantor or other owner of a grantor trust and not the trust, and
- The U.S. trust (other than a grantor trust) and not the beneficiaries of the trust.

Foreign person. If you are a foreign person, do not use Form W-9. Instead, use the appropriate Form W-8 (see Publication 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a "saving clause." Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if his or her stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first protocol) and is relying on this exception to claim an exemption from tax on his or her scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester the appropriate completed Form W-8.

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS a percentage of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester,
2. You do not certify your TIN when required (see the Part II instructions on page 3 for details),
3. The IRS tells the requester that you furnished an incorrect TIN,
4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only), or
5. You do not certify to the requester that you are not subject to backup withholding under 4 above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See the instructions below and the separate instructions for the Requester of Form W-9.

Also see *Special rules for partnerships* on page 1.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you no longer are tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of \$50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a \$500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Name

If you are an individual, you must generally enter the name shown on your income tax return. However, if you have changed your last name, for instance, due to marriage without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first, and then circle, the name of the person or entity whose number you entered in Part I of the form.

Sole proprietor. Enter your individual name as shown on your income tax return on the "Name" line. You may enter your business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

Partnership, C Corporation, or S Corporation. Enter the entity's name on the "Name" line and any business, trade, or "doing business as (DBA)" name on the "Business name/disregarded entity name" line.

Disregarded entity. Enter the owner's name on the "Name" line. The name of the entity entered on the "Name" line should never be a disregarded entity. The name on the "Name" line must be the name shown on the income tax return on which the income will be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a domestic owner, the domestic owner's name is required to be provided on the "Name" line. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on the "Business name/disregarded entity name" line. If the owner of the disregarded entity is a foreign person, you must complete an appropriate Form W-8.

Note. Check the appropriate box for the federal tax classification of the person whose name is entered on the "Name" line (Individual/sole proprietor, Partnership, C Corporation, S Corporation, Trust/estate).

Limited Liability Company (LLC). If the person identified on the "Name" line is an LLC, check the "Limited liability company" box only and enter the appropriate code for the tax classification in the space provided. If you are an LLC that is treated as a partnership for federal tax purposes, enter "P" for partnership. If you are an LLC that has filed a Form 8832 or a Form 2553 to be taxed as a corporation, enter "C" for C corporation or "S" for S corporation. If you are an LLC that is disregarded as an entity separate from its owner under Regulation section 301.7701-3 (except for employment and excise tax), do not check the LLC box unless the owner of the LLC (required to be identified on the "Name" line) is another LLC that is not disregarded for federal tax purposes. If the LLC is disregarded as an entity separate from its owner, enter the appropriate tax classification of the owner identified on the "Name" line.

Other entities. Enter your business name as shown on required federal tax documents on the "Name" line. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or DBA name on the "Business name/disregarded entity name" line.

Exempt Payee

If you are exempt from backup withholding, enter your name as described above and check the appropriate box for your status, then check the "Exempt payee" box in the line following the "Business name/disregarded entity name," sign and date the form.

Generally, individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends.

Note. If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding.

The following payees are exempt from backup withholding:

1. An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2),

2. The United States or any of its agencies or instrumentalities,

3. A state, the District of Columbia, a possession of the United States, or any of their political subdivisions or instrumentalities,

4. A foreign government or any of its political subdivisions, agencies, or instrumentalities, or

5. An international organization or any of its agencies or instrumentalities.

Other payees that may be exempt from backup withholding include:

6. A corporation,

7. A foreign central bank of issue,

8. A dealer in securities or commodities required to register in the United States, the District of Columbia, or a possession of the United States,

9. A futures commission merchant registered with the Commodity Futures Trading Commission,

10. A real estate investment trust,

11. An entity registered at all times during the tax year under the Investment Company Act of 1940,

12. A common trust fund operated by a bank under section 584(a),

13. A financial institution,

14. A middleman known in the investment community as a nominee or custodian, or

15. A trust exempt from tax under section 664 or described in section 4947.

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 15.

IF the payment is for . . .	THEN the payment is exempt for . . .
Interest and dividend payments	All exempt payees except for 9
Broker transactions	Exempt payees 1 through 5 and 7 through 13. Also, C corporations.
Barter exchange transactions and patronage dividends	Exempt payees 1 through 5
Payments over \$600 required to be reported and direct sales over \$5,000 ¹	Generally, exempt payees 1 through 7 ²

¹ See Form 1099-MISC, Miscellaneous Income, and its instructions.

² However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney, and payments for services paid by a federal executive agency.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, the IRS prefers that you use your SSN.

If you are a single-member LLC that is disregarded as an entity separate from its owner (see *Limited Liability Company (LLC)* on page 2), enter the owner's SSN (or EIN, if the owner has one). Do not enter the disregarded entity's EIN. If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note. See the chart on page 4 for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local Social Security Administration office or get this form online at www.ssa.gov. You may also get this form by calling 1-800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at www.irs.gov/businesses and clicking on Employer Identification Number (EIN) under Starting a Business. You can get Forms W-7 and SS-4 from the IRS by visiting IRS.gov or by calling 1-800-TAX-FORM (1-800-829-3676).

If you are asked to complete Form W-9 but do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, generally you will have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note. Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon.

Caution: A disregarded domestic entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, below, and items 4 and 5 on page 4 indicate otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on the "Name" line must sign. Exempt payees, see *Exempt Payee* on page 3.

Signature requirements. Complete the certification as indicated in items 1 through 3, below, and items 4 and 5 on page 4.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

Secure Your Tax Records from Identity Theft

Identity theft occurs when someone uses your personal information such as your name, social security number (SSN), or other identifying information, without your permission, to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity or credit report, contact the IRS Identity Theft Hotline at 1-800-908-4490 or submit Form 14039.

For more information, see Publication 4535, Identity Theft Prevention and Victim Assistance.

Victims of identity theft who are experiencing economic harm or a system problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 1-877-777-4778 or TTY/TDD 1-800-829-4059.

Protect yourself from suspicious emails or phishing schemes.

Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to phishing@irs.gov. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration at 1-800-366-4484. You can forward suspicious emails to the Federal Trade Commission at: spam@uce.gov or contact them at www.ftc.gov/idtheft or 1-877-IDTHEFT (1-877-438-4338).

1. Agenda item number 14, page 70 of the board packet, revising the date in two paragraphs, from September 19, 2021, to September 14, 2021.
2. Agenda item number 14, the addition of the following language to the last paragraph on page 74: "Commissioner MacDuff amended her motion to incorporate Commissioner Tarango's recommendation".

The Executive Director's Report was requested.

Executive Director Razo gave the Executive Director's Report.

Discussion calendar item number 5 to receive the board building presentation for October 12, 2021, an overview on the Housing Authority of the County of San Bernardino programs presentation was requested.

Director of Policy and Public Relations, Nicole Beydler, provided the presentation for Discussion calendar item number 5.

Chairman Johnson inquired about the number of applicants on the waitlist and the percentage represented of San Bernardino County's population. Nicole Beydler responded that the number on our waitlist is based on actual applications and there may be duplication as applicants can apply to be on multiple waitlists. About 30% of applications on our waitlist are duplicate applicants. Nicole Beydler went on to briefly add that household size is not verified for our Tenant-Based vouchers until the family is selected for admission. However, Project-Based Voucher household size is made clear at the time of application because they are based on unit and family size.

Chairman Johnson requested information on the importance of switching Public Housing over to the Rental Assistance Demonstration (RAD) program. Director of Operations, Rishad Mitha, explained the Public Housing subsidy had undergone proration over the past 10+ years where the program would be funded at around 80% each year. Over time, this created a backlog of needs and affected the amount of capital needs that could be completed, which is the primary reason for the conversion through the RAD program. Rishad Mitha further explained that the Housing Choice Voucher (HCV) subsidy that is provided to landlords is rarely cut. The Housing Authority will have converted 99% of the public housing units by January of 2022. Conversion to RAD has helped HACSB maintain and stabilize those properties long-term. HACSB plans to keep one unit of Public Housing in order to keep the annual contributions contract open for continued access to funding within the Public Housing program.

Commissioner MacDuff requested a copy of the presentation slides (Who We Are). Nicole Beydler stated she would e-mail the presentation to the board members.

Discussion calendar item number 6 to receive update from staff on Emergency Housing Vouchers implementation, was requested.

Executive Director Razo explained the item.

Chairman Johnson congratulated the Housing Authority for successfully launching the Emergency Housing Voucher (EHV) program and already obtaining 25% of required referrals.

Discussion calendar item number 7 with Staff recommendation to 1) Adopt Resolution No. 122 extending authorization of the Executive Director and designees to waive internal policies and modify operations as necessary in response to the COVID-19 global pandemic through June 30, 2022, 2) Direct the Executive Director to create and deliver to the Board of Commissioners a summary report of all instances where this waiver is utilized, including specifying policies waived, the reason for the waiver and the estimated financial impact. The report shall be included in each Board of Commissioners regular meeting agenda for the duration of the State of California emergency declaration, was requested.

Executive Director Razo explained the item.

Commissioner Miller moved to approve the discussion calendar item number 7, as recommended by Staff, and Commissioner Tarango duly seconded the motion. Upon roll call, the Ayes and Nays were as follows:

Ayes

Chair Johnson
Vice Chair Cooper
Commissioner MacDuff
Commissioner Miller
Commissioner Pinedo
Commissioner Tarango

Nays

Discussion calendar item number 8 with the Staff recommendation to Adopt Resolution No. 124 approving revisions to the Housing Authority of the County of San Bernardino's Employee Personnel Handbook, was requested.

Executive Director Razo explained the item.

Commissioner Miller moved to approve the discussion calendar item number 8, as recommended by Staff, and Commissioner Tarango duly seconded the motion. Upon roll call, the Ayes and Nays were as follows:

Ayes

Chair Johnson
Vice Chair Cooper
Commissioner MacDuff
Commissioner Miller
Commissioner Pinedo
Commissioner Tarango

Nays

Commissioner Tarango asked if Housing Authority staff were surveyed and whether they favor the policy revision. Executive Director Razo explained the decision to go this route is in lieu of mandatory vaccinations. Prior to implementation of the policy, the percentage of staff vaccinated was 29%. Once implemented, the percentage has increased to 59% of staff now vaccinated.

Commissioner MacDuff provided a comment. Chairman Johnson asked to clarify whether Commissioner MacDuff's comment was for Item No. 8 or Item No. 9. Commissioner MacDuff withdrew her comment and requested it to be applied to the record for Item No. 9.

Discussion calendar item number 9 with Staff recommendation to 1) Authorize an expenditure of the Housing Authority of the County of San Bernardino's Coronavirus Aid, Relief, and Economic Security Act funds for a staff COVID-19 vaccination incentive in an amount not to exceed \$62,400 through November 19, 2021, 2) Authorize COVID-19 Vaccination Incentive for Employees utilizing Coronavirus Aid, Relief, and Economic Security Act funds, retroactive to September 20, 2021, was requested.

Executive Director Razo explained the item.

Commissioner MacDuff moved to approve the discussion calendar item number 9, as recommended by Staff. The motion was duly seconded by Commissioner Miller, and upon roll call the Ayes and Nays were as follows:

Ayes

Chair Johnson
Vice Chair Cooper
Commissioner MacDuff
Commissioner Miller
Commissioner Pinedo
Commissioner Tarango

Nays

Commissioner MacDuff expressed concern stating she would be more comfortable to have the incentive as \$300 across the board rather than include an additional \$200 incentive for front-line employees. She expressed that she is saddened that staff needed an economic incentive to receive the COVID-19 vaccine.

Chairman Johnson added by commending the Housing Authority for implementing a policy which resulted in an increase from 29% to 59% of staff receiving the vaccine in a short amount of time. Chairman Johnson added that the cost savings alone of having to replace employees with temporary staff would have exceeded the costs of the implementation of this incentive as several companies and industries struggle with this issue. Executive Director Razo commended Jennifer Dawson, Director of Human Resources, on all the hard work she put towards development of this policy.

Discussion calendar item number 10 with Staff recommendation to adopt Resolution No. 125 authorizing the use of remote teleconference meeting procedures by the Board of Commissioners, as authorized by Government Code Section 54953(e) *et seq.*, for the initial period of October 12, 2021, through November 11, 2021, was requested.

Fred Galante, Legal Counsel to the Housing Authority, explained the item.

Commissioner Tarango moved to approve the discussion calendar item number 10, as recommended by Staff. The motion was duly seconded by Commissioner Miller, and upon roll call the Ayes and Nays were as follows:

Ayes

Chair Johnson
Vice Chair Cooper
Commissioner MacDuff
Commissioner Miller
Commissioner Pinedo
Commissioner Tarango

Nays

Commissioner Tarango stated he preferred to continue the meetings via teleconference. Vice Chair Cooper requested clarification regarding the 30-day resolution. Fred Galante, Legal

Counsel to the Housing Authority, explained that a new resolution would be brought back to the board next month to continue the virtual board meetings. The resolution presented today is the initial resolution to confirm the findings of the Governor that the emergency exists, allowing the virtual meeting process to continue for thirty days. Because the next meeting is more than thirty days from this meeting, another resolution to continue the virtual meeting process will be presented at that meeting. Chairman Johnson asked how long we are allowed to continue the resolution for virtual meetings. Fred Galante, Legal Counsel to the Housing Authority, clarified the legislation for this goes to 2024. Chairman Johnson followed up by saying it is his observation there has been more public attendance joining the teleconference than in-person meetings and recommended to continue to hold the board meetings via teleconference. Chairman Johnson inquired as to when a meeting space would be available if the Board decided to go back to in-person meetings. Executive Director Razo shared that HACSB's IT Manager is working on the solution to prepare the room as early as November, but it would be great if more time was provided.

Discussion calendar item number 11 with Staff recommendation to 1) Approve Amendment No. 1 to contract No. PC1180, effective October 12, 2021, with Aleshire & Wynder LLP for General Legal Counsel Services increasing the current contract by \$271,000 for a total amount not to exceed \$401,000 through December 8, 2022, with the option to extend up to three single-year options through December 8, 2025, 2) Authorize and direct the Executive Director to execute and deliver the contract amendment to Aleshire & Wynder LLP and, upon consultation with Legal Counsel, to approve any non-substantive revisions necessary to complete the transaction, was requested.

Executive Director Razo explained the item.

Commissioner MacDuff moved to approve the discussion calendar item number 11, as recommended by Staff. The motion was duly seconded by Commissioner Miller, and upon roll call the Ayes and Nays were as follows:

Ayes

Chair Johnson
Vice Chair Cooper
Commissioner MacDuff
Commissioner Miller
Commissioner Pinedo
Commissioner Tarango

Nays

Discussion calendar item number 12 with Staff recommendation to 1) Approve the third amendment to the promissory note between the Housing Authority of the County of San Bernardino and Knowledge and Education for Your Success to extend the term three months beginning retroactively from October 1, 2021, through December 31, 2021, 2) Authorize and direct the Executive Director to execute and deliver the amended promissory note to Knowledge and Education for Your Success, and, upon consultation with Legal Counsel, to approve any non-substantive revisions necessary to complete the transaction, was requested.

Executive Director Maria Razo explained the item.

Commissioner MacDuff moved to approve discussion calendar item number 12, as recommended by Staff, and the motion was duly seconded by Commissioner Miller. Fred Galante, Legal Counsel to the Housing Authority, recommended that Commissioner Miller abstain from voting. Due to conflict of interest, Commissioner Miller abstained. Upon roll call, the Ayes and Nays were as follows:

<u>Ayes</u>	<u>Abstains</u>	<u>Nays</u>
Chair Johnson	Commissioner Miller	
Vice Chair Cooper		
Commissioner MacDuff		
Commissioner Pinedo		
Commissioner Tarango		

Commissioner MacDuff provided a comment of commending KEYS in obtaining the additional grant funding and understands most of these grants are restricted funds. Commissioner MacDuff went on to provide a recommendation for KEYS to reach out to larger organizations to obtain additional unrestricted funding to repay the loan obtained from the Housing Authority, and for the Housing Authority to use the funds to assist some of the 84,000 families on the waiting lists.

KEYS Board Chair, Dr. Brian Distelberg, offered additional information with regard to seeking additional funding from organizations for unrestricted funds, which is not easily obtained as the restricted funds are prioritized. Commissioner Pinedo, with expertise in non-profits, stated that due to the increase of unrestricted funding requests, the majority of funders have minimized funding efforts or have shifted efforts to fund other specialized non-profit organizations. He also explained that many of the grants provide very little overhead costs, and many non-profits end up developing new programs and creating additional work just to justify the extra funds received. Commissioner Pinedo recommended providing KEYS the \$270,000 as a grant and added that it is better to have KEYS focus on funding that increases the services that they can provide for our residents. Chairman Johnson added that it has been cost-effective to grant KEYS the funds due to the amount of in-kind services they have provided over the years to our HACSB families which far exceeds the amount of the loan. Commissioner Pinedo disclosed that he was a previous KEYS Board member and was at the table when the initial discussions of the loan occurred. Commissioner Miller also shared that she is currently a KEYS Board member and has seen the organization grow tremendously. Vice Chair Cooper provided comment that KEYS annual in-kind contribution of \$134,000 for at least 2 years exceeds the amount of the loan. Chairman Johnson asked Executive Director Razo how many years KEYS has been providing HACSB services and Ms. Razo estimated that it had been about 8 years.

Commissioner MacDuff asked who currently represented the Housing Authority on the KEYS board. Executive Director Razo responded that she represents the Housing Authority on the KEYS board.

Commissioner MacDuff provided an edit to the board item attachment to correct a typo.

Chairman Johnson logged off the meeting at 4:44 p.m. and Vice-Chair Cooper assumed the duties of the Chair to preside over the Board meeting.

Discussion calendar item number 13 with Staff recommendation of Acting as the Housing Successor for the former Redevelopment Agency for the City of Redlands: to 1) Adopt Resolution No. 123 amending the Declaration of Covenants, Conditions and Restrictions for 730 S. San Mateo Street in Redlands to facilitate sale of the property, 2) Authorize the Executive Director of the Housing Authority of the County of San Bernardino, upon consultation with Legal Counsel, to execute and deliver ancillary documents necessary to implement the amendment and to release the Participation Agreement and Declaration of Covenants, Conditions, and Restrictions to facilitate sale of the property, 3) Direct the Executive Director of the Housing Authority of the County of San Bernardino to transmit and record all documents as necessary with the San Bernardino County Recorder within 30 days of execution, was requested.

Executive Director Razo and Deputy Executive Director Gus Joslin explained the item.

Commissioner MacDuff moved to approve the discussion calendar item number 13, as recommended by Staff, which motion was duly seconded by Commissioner Tarango, and upon roll call the Ayes and Nays were as follows:

Ayes

Vice Chair Cooper
Commissioner MacDuff
Commissioner Miller
Commissioner Pinedo
Commissioner Tarango

Nays

Commissioner MacDuff provided comment that this property is located in an expensive real estate market in Redlands and asked if it would be fair to apply the inflation factor on the improvement on the home's value over the years rather than the Consumer Price Index (CPI). Fred Galante, Legal Counsel to the Housing Authority, provided general information on the document that created the covenants that typically specifies the methodology and in redevelopment law, the document specifically mandates the protection on the agency's investment as low- and moderate-income housing funds which is done through an equity sharing arrangement. Fred Galante, Legal Counsel to the Housing Authority, explained that the CPI is one way to recoup the time value of money at the location and is within the law. For this item, if an additional amount is appropriate at this point, it will require a negotiation because the document is unclear regarding the CPI. The law requires protection of the investment of housing funds through some mechanism. Commissioner MacDuff asked if the agency would receive the original investment of the loan. Executive Director Razo stated when this was originally approved through the Board of Governors, they agreed on the CPI be included as the methodology and if deviated from the Board of Governor's original approval, it would have to be justified. Commissioner MacDuff asked what the agency is allowed to do with the funds when it is received. Executive Director Razo explained the funds would have to go back into the housing successor funds. Fred Galante, Legal Counsel to the Housing Authority, also added the receiving Housing Authority can use the funds to develop low-income housing or to improve the availability of housing for low-income individuals. Deputy Executive Director Joslin also

provided information that HACSB plans to put the funds toward a homeownership development phase at Valencia Grove in the city of Redlands. Commissioner Pinedo provided the suggestion of a future board-building presentation to provide the board a deeper understanding overall. Commissioner Pinedo added that one of the things we know about poverty is that homeownership and taking advantage of the appreciation of that asset is a ticket to the middle class. Vice-Chair Cooper also agreed on utilizing the CPI as previously approved by the Board of Governors on a prior similar action.

Approval of the consent calendar agenda items numbers 14-16 was requested.

Commissioner MacDuff moved to approve consent calendar agenda items numbers 14-16, to:

14) Approve the meeting minutes for the Board of Commissioners of the Housing Authority of the County of San Bernardino Regular Meeting held on September 14, 2021.

15) Approve and file Agency-wide Financial Statements through June 2021.

Executive Director Razo asked that board members reach out to her first to ensure that consistent information and talking points are provided to the Commissioners for sharing. Commissioner MacDuff also communicated that in a session they also shared information about having expanded business cards with agency information for the commissioners and informational brochures to serve as talking points while advocating for the agency.

There being no other business, Commissioner Tarango moved for the regular meeting of Tuesday, October 12, 2021, to be adjourned, which motion was duly seconded by Commissioner MacDuff. There being no objection to the call for adjournment, the meeting was adjourned by unanimous consent at 5:21 p.m.

Fred Galante, Legal Counsel to the Housing Authority, provided the presentation for Discussion calendar item number 5.

Commissioner MacDuff asked for clarification regarding the Housing Set Aside Funding and if the loans were repaid or forgiven. Fred Galante, Legal Counsel to the Housing Authority stated that in years past, the terms repaid and forgiven have been used interchangeably, but also the repayments means meeting the terms of the housing covenant by staying in the home and abiding by the conditions. Gus Joslin, Deputy Executive Director, added that to forgive the loan, they have to be held for the full 20–25-year term, then the loan will be forgiven. If the loan is not held for the full term, then the loan will need to be repaid. Commissioner MacDuff went on to ask regarding SB 341, whether HACSB can use the funds on Valencia Grove or to create additional housing. Deputy Executive Director Joslin stated that some of the funds will be used towards the Valencia Grove site to create additional low-income housing in Redlands.

Commissioner MacDuff asked if there is a time limit in responding to the claimant. Fred Galante, Legal Counsel to the Housing Authority, stated that, per State Code, HACSB must reply within 45 days from the time the claim is filed.

In regard to the resolution, Section 10 – Claims Exceeding Authority Director’s Authority, Commissioner MacDuff asked how HACSB determines if the funds come from the Housing Authority treasury or third-party insurance pool funds for the claim. Fred Galante, Legal Counsel to the Housing Authority, explained that a claim is covered by our insurance pool, HAARP. Executive Director Razo also explained that, if the claim is determined to be due to negligence after investigation by the insurance company, the Housing Authority will be responsible to pay the claim.

Commissioner MacDuff also inquired regarding section 14 – Procedures on disallowance of the resolution, if there will be a periodic report provided to the Board for review. Fred Galante, Legal Counsel to the Housing Authority, stated that the Board will receive a periodic report of all the claims submitted and settled. Rishad Mitha, Director of Operations, added that there are very

few claims that HACSB settles outside of a judicial procedure. Our general liability insurance covers many of these types of claims and has no deductible. However, HACSB does consider the impact it could have on a loss run for insurance.

REPORT/RECOMMENDATION TO THE BOARD OF COMMISSIONERS OF THE HOUSING AUTHORITY OF THE COUNTY OF SAN BERNARDINO AND RECORD OF ACTION

December 14, 2021

FROM

MARIA RAZO, Executive Director, Housing Authority of the County of San Bernardino

SUBJECT

Agency-wide Financial Statements through August 2021

RECOMMENDATION(S)

**Approve and file Agency-wide Financial Statements through August 2021.
(Presenter: Maria Razo, Executive Director, 332-6305)**

GOALS & OBJECTIVES

We have a healthy organization marked by financial stability and a culture of respect, empowerment, and passion for the mission.

FINANCIAL IMPACT

The Housing Authority of the County of San Bernardino's (HACSB) year-to-date agency-wide net income through August 2021 for Federal Fiscal Year (FFY) 2020-21 is \$4,337,314. The net income is currently greater than the anticipated \$1,033,711 net loss, with a variance of \$5.4 million, primarily due to extraordinary maintenance expenses that were budgeted, but not completed in the amount of \$1.35 million (reflected in the extraordinary maintenance expenses line).

There were also lower than anticipated costs in administrative and maintenance expenses in the amount of \$3 million mainly due to lower maintenance, and contract costs due to deferred internal maintenance because of the pandemic and several vacant positions.

Housing assistance payments are \$3.7 million lower than expected due to late funding notification for the 2021 calendar year. The funding notification was received in March and included an 8% inflationary rate. This was not enough time to increase the lease rate to match the funding received.

A reconciliation of the Housing Choice Voucher administrative fee funding was completed by the United States Department of Housing and Urban Development (HUD) for calendar year 2020 and an additional \$1.9 million was provided to HACSB. This amount represents the difference between the funding provided by HUD during calendar year 2020 and the actual expenses of HACSB for the same time. This is not additional funding, but reimbursement for 2020 calendar year expenses.

Depreciation expense and other non-operating items are not budgeted and amounted to \$4.6 million through August 2021.

Financial Summary	FY 2021 YTD
Revenues	\$142,941,774
Expenses	\$134,009,154
Operating Net Income/(Loss)	\$ 8,932,620
Operating Transfers/Non-Operating Items	\$ 4,595,306
Net Income/(Loss)	\$ 4,337,314

BACKGROUND INFORMATION

HACSB administers multiple housing programs and is the largest provider of affordable housing in the County of San Bernardino. The FFY 2020-21 budget and financial operations continue to support the vision and mission of HACSB and are in line with its Strategic Plan and Moving to Work Annual Plans. Overall, HACSB has demonstrated fiscal stability even through the challenges presented by the pandemic. FFY 2020-21 is expected to be another challenging year as the effects of the pandemic continue to impact the agency's operations and finances.

Funding notifications for the 2021 calendar year were received from HUD in late March, which included an unexpected inflation factor of 8%. In the 2020 calendar year, we experienced large cost increases, and an insufficient inflation factor increase, which resulted in decreasing the overall size of the MTW Housing Choice Voucher program through attrition. Based on current analysis, we expect that we will be able to serve approximately 400 additional families through the MTW Housing Choice Voucher tenant-based program, which currently has a waiting list of 20,000+ families. We also expect to serve families in the new Emergency Housing Voucher (EHV) program (455 new vouchers).

Following is a recap of the COVID related challenges mentioned above, as well as other financial items to highlight:

- COVID-19 pandemic related:
 - Continued increases in housing assistance payment costs in the Housing Choice Voucher Program *related to families' income decreasing and total contract rent increasing*, which causes a corresponding increase on the portion that the agency pays the landlord on behalf of the program participating family.
 - Increases in agency costs (i.e., Office modifications, cleaning costs, paid leave, technology, etc.).
 - Rental income losses related to the eviction moratorium in the Authority Owned portfolio.
 - Inconsistent staffing levels due to childcare and health issues.
- Physical needs improvements: The need to continue to address the physical needs assessment identified repairs within the Authority Owned Portfolio. Maintenance of aging properties is extremely costly, but it is needed to preserve our affordable housing developments. Some of this work has been deferred to account for rental income losses resulting from the pandemic as well as due to staffing capacity challenges and the need to complete HUD's rehab timelines related to the RAD conversion. This work is greatly needed and will be recommended in this new fiscal year.
- Benefit increases: Increases to employer paid medical, dental and pension benefits.

Despite these challenges, we continue to focus on maintaining the agency's fiscal stability, customer service, innovation, enhancing partnerships that will assist our staff and families, and a continued passion for our agency's mission.

Based on HUD's guidance to routinely present key information to HACSB's Board of Commissioners, HACSB is presenting the financial statements on a monthly basis.

MARIA RAZO, Executive Director, Housing Authority of the County of San Bernardino

SUBJECT

Vacated Tenant Accounts for the Authority Owned Portfolio to be Written Off as Collection Loss for the Month of September 2021

RECOMMENDATION(S)

Approve vacated tenant accounts for the Authority Owned Portfolio to be written off as collection losses for the month of September 2021.

(Presenter: Maria Razo, Executive Director, 332-6305)

GOALS & OBJECTIVES

HACSB communication is open, honest, and consistent.

HACSB has secured the resources needed for accomplishing its mission.

FINANCIAL IMPACT

The accounts receivable loss for the month ending September 30, 2021, is \$20,887.00. The Housing Authority of the County of San Bernardino (HACSB) projects and anticipates collection losses in its annual budget. The monthly losses as detailed below are in line with the budgeted losses and historical trends.

BACKGROUND INFORMATION

On a monthly basis, HACSB records vacated tenant accounts for the Authority Owned Portfolio for the purpose of being written off to collection losses. Authority Owned Portfolio units are owned by HACSB and were either acquired or developed through a variety of partnerships with local governments and/or HACSB's non-profit affiliate Housing Partners I, Inc., and also include public housing developments converted through the United States Department of Housing and Urban Development's (HUD) Rental Assistance Demonstration (RAD) program.

Despite HACSB's efforts to collect the debts listed in the attached reports, it has been determined that such debts are uncollectible. However, collection efforts will continue with HACSB's contracted collection agency. As part of HACSB's standard property management business practices, Board of Commissioners approval is requested to write off these accounts as accounts receivable losses to the Authority Owned Portfolio. Losses during this time period are primarily for voluntary move-outs and skips. The total write-off for the month of September 2021 is \$20,887.00, as delineated in the following table. Attached is a worksheet that itemizes the individual accounts.
